Phoenix Union High School

Phoenix, Arizona Vol. 47

On The Team . . .

WE ARE NOW THREE schools in one. Only by teamwork has Phoenix Union maintained its place among America's outstanding schools, for our problems have been many and difficult.

TEAMWORK is an abstract principle . . . but its dividends are clearly shown in results. Man has always known it is more profitable to work with others than to go it alone. Co-operation succeeds where narrower concepts often will fail.

WE RECOGNIZE teamwork as a necessary ingredient at home, in the community, and at school. We are justifiably proud to be a part of the great Phoenix Union High School team.

On The Move

ONE MUST STEP smartly to get places on our huge campus! Few universities can boast more facilities, buildings, or acreage than Phoenix Union High School. Now three school in one, the big institution offers training in the practical arts, trades, and industry. Especially popular are the many evening adult education classes conducted in Building A.

Most problems can be solved
when faculty members and
students co-operate as a team.

LEADERSHIP

Working Together... For The Community

DR. HAROLD L. GEAR

PHOENICIANS have learned to value the services and thinking of our Board of Education and Superintendent Harold L. Gear. These civic-minded leaders heading one of the nation's largest and most progressive school systems, America, as well as the Phoenix community, respects and honors them for their unselfish devotion to duty.

PROGRESS NEVER stands still, and our Board has consistently looked to the future of the Salt River Valley and the need to provide modern schools for the thousands of newcomers. Soon two more high schools will be dedicated to this progress — with even more schools already in the blueprint stage. The Board of Education leads — but only as a team, with the community backing it up 100 per cent.

BOARD OF EDUCATION. Dr. Trevor G. Browne, Jay Hyde, Mrs. F. A. Bons, Dr. Charles S. Purtymun, Jr., Frank Haze Burch

His Team Works With Efficiency

EVERY SCHOOL has a Principal's Office, but not many can claim to be as smoothly operated as is ours. A good school is merely the reflection of its leader — a fact for which Phoenix Union may well be proud. No student body or faculty has ever had a better friend; no community could hope for a more progressive fair-minded school administrator than we have in Mr. James S. Carter.

ANOTHER MARK of a good leader is in the quality of his assistants. The young women who do secretarial and other office work are models of efficiency, often under conditions of strain when registration, class schedules, and new programs rain problems down upon the school's administrators.

AT YOUR SERVICE are Betty Pretzer, Carl Larson, Evelyn Mander, Barbara Kline, Mary Lou Johnson, and Nadine Dearing.

They Like Teeners

Understanding, to analyze and think clearly distinguishes the leader from the follower. Phoenix Union is fortunate in its administrators — they have a genuine liking for teenagers, a feeling warmly returned by the thousands of students who have benefited by their guidance.

A NEW PROGRAM whereby the principal shared his official duties with an assistant principal and a vice principal worked smoothly and well this year. Welcome newcomers to PUHS were Mr. LeSueur, the dean of boys, and Mr. Robert Blackman, registrar.

to keep up with 5000 or more names, to record and track what we are at PCHS much of the time. Especially when we prepare to register or try to balance a strange schedule

WHILE THEY CHECK on our absences and tardies—legit and otherwise—these grand girls also keep our scholastic records in a proper order. If we rate a scholarship, we ask their help first! Here we see efficiency and teamwork operating in high gear

Tomorrow's Here!

THERE'S HARDLY TIME to prepare students for tomorrow's electronic world . . . for tomorrow is already here! The

pressing need for experts in all fields of science and mechanics has brought important emphasis upon the type of work offered at Phoenix Union High School. The Trades and Industries Department, well equipped and expertly staffed, keeps on the jump constantly

MEN AND WOMEN eager to learn and to better their economic status throng to the shops.

Students who shine more around wheels and welding machines than in French or art classes, delight in the variety of courses and the unlimited opportunities. Phoenix Union is proud of its staff of technicians . . . and determined to produce the best-trained workers for today's atomic age.

SURE IT WORKS! Russell Talbott, shop co-ordinator, and Harry L. Crockett, T & I Department chairman, are checking the intricate workings of a voltmeter.

What'll You Have? We've Got It!

HAPPY to serve you the the best that
the City has to offer. The City's Bookstore
is a place where you can find everything you
need for school. From books to stationery, from
pens and pencils to paper and a variety of other
supplies.

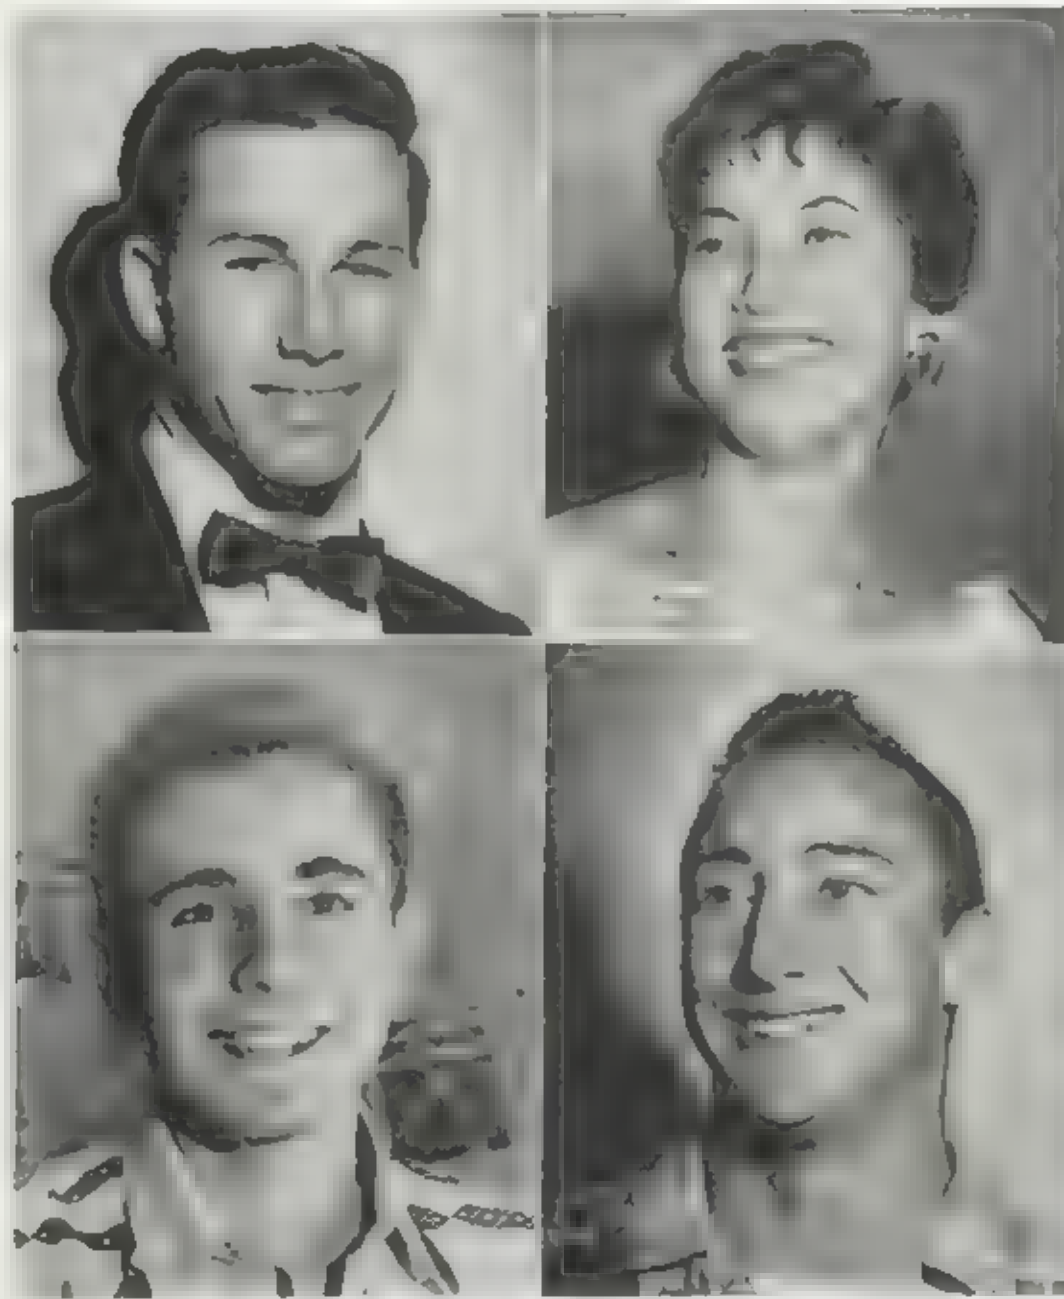

SCHOOL SUPPLIES books, emblems, stamps, tickets, Christmas cards? Just name what you want and the Bookstore will produce it . . . at bargain rates! A well-traveled path leads through the Bookstore as students and teachers take care of routine business involving money or school supplies. The friendly, efficient staff is always ready to serve the customers. There's no fuss or waiting around when you need textbooks, tickets, or supplies. When you pay your club dues you carry away a receipt — and a pleasant memory of your contact with the Bookstore personnel.

ANOTHER DELIGHTFUL feature of the Bookstore is the display of large portraits lining the room. They are pictures of student leaders — and give many students their first real look at the campus "wheels." Most of the City's athletic trophies also are on display here.

JUST A HANDFUL of books, like the Fiddle Day group, here
now waiting for you. They are just a few of the many
books and other supplies.

AT THE HELM—Student Body Officers were President Norman Jackson, Secretary Connie Chavez, Vice President Don Kenney, and Representative At-Large Desi Sanchez

NUCLEUS OF OUR STUDENT government program is the Board of Control. Teamwork, cooperation and adhering to the principles of democracy highlighted the year's activities of the board. Every student felt the responsibility of an adult citizen when ballots came his way. Through the Student Council and the Board he voiced his opinion. Good citizenship is a rule and not an exception. Few of our student body ever visit the Board of Control, but these offenders receive sound counsel from their fellow students.

Representatives Do Fine Job . . .

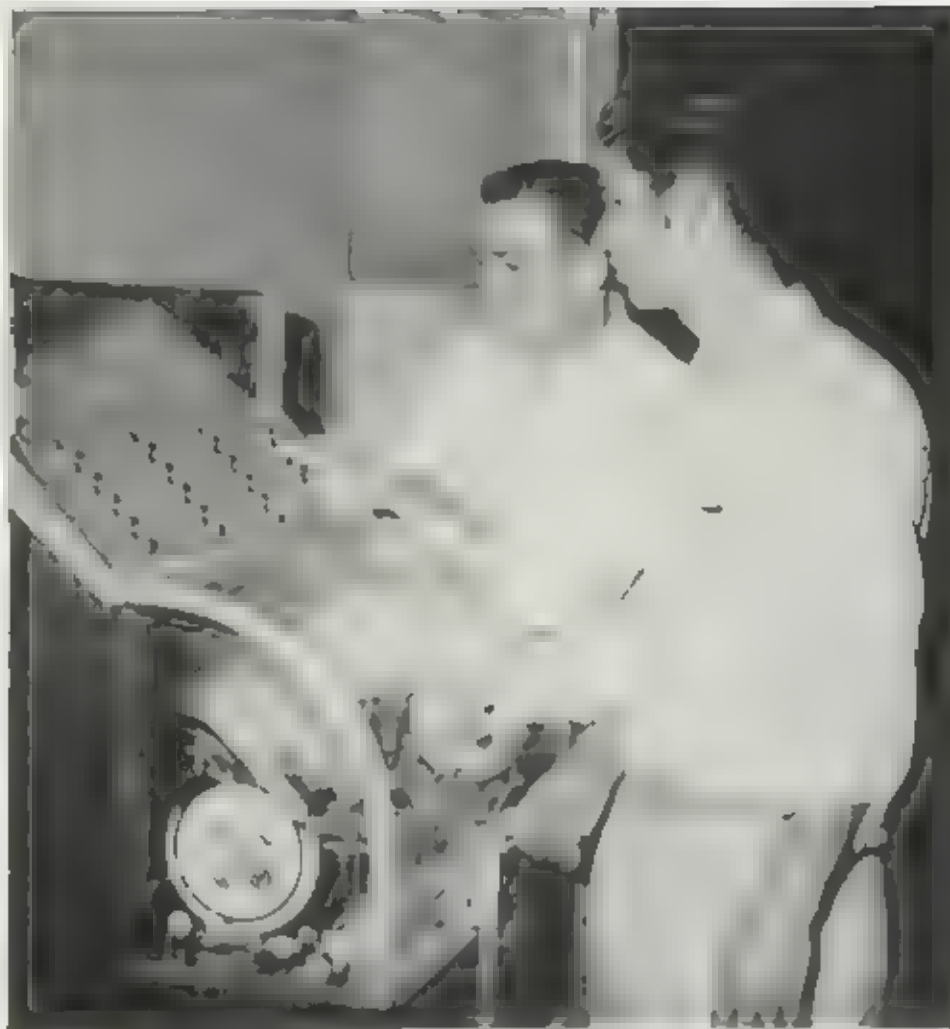

MIGHTY BUSY and efficient was our Social Committee. Pictured here with Vice President, Margaret, are Stevie and Chairman, Ann, Spenser, and Smith.

STUDENT COUNCIL Teamwork gave us the officers of the year through the Student Council. The year-long project was most successful in that it dealt with the problem of working hours, both in the Phoenix Union and in the organization. The Council served as the legislative branch of the school. Acting as a planning board for complaints and initiating new programs.

It was a great job that was done. The year-long project was most successful in that it dealt with the problem of working hours, both in the Phoenix Union and in the organization. The Council served as the legislative branch of the school. Acting as a planning board for complaints and initiating new programs.

Boys' Federation Keeps Us Cool

COOL CATS Abbot and Bass are selecting some real gone music from the Federation sponsored jukebox in the Cafeteria. The box is maintained by the Federation so that your lunch will go down easier.

FOR MEN ONLY. That's the main qualification to be a solid member of Boys' Federation. Every year they raise money to help students who can't afford to buy books and clothes. Also they raise money in a way that doesn't hurt! The Follies and the Frontier Dance are just two of the Fed's money raising functions sponsored this year—both beneficial.

ANOTHER OF THE Federation jobs is the upkeep and maintenance of the Cafeteria jukebox owned and operated by the boys' organization. This year cut it doors loudspeakers were installed so that students who brought their lunches and ate in the Quad could enjoy the lilting music while munching their sandwiches.

Gassler, Walis, C. Chavez, Doggett, Harris, Arison, Guzman **SEATED:** Koile, Ford, Yee, Avery, Gotch, Loverton, Frazier, Fung, W.L.

Important To Every Girl . . .

ARE YOU A GIRL? Are you in high school? If the answers to these questions are yes, then the activities of the Girls' League should have special meaning for you! Governing body of the League is Central Council. Here all Girls' League officers, council officers, and special charmen meet to decide the course of action for the school-wide organization. The energetic League, under guidance of Dean Iscan Mater, sponsored two term dances, Midnight and Roses and the Sweetheart Ball, and the Every Girl's Dinner.

THEY COLLECTED the Follies and a Clothing Drive. Theme for this year's Every Girls' Dinner was "Celebrate the Seasons" with each girl taking one of the seasons to decorate the group's special table.

OVER 1400 POUNDS of clothing was collected for the Sunshine House by the Girls' League in co-operation with the Boys' Federation. A prize, given to the homeroom collecting the most clothing was won by the Senior English class of Miss Doris DeLap. Money collected from the Follies is used by the League to provide clothes and books for needy students.

GIRLS' LEAGUE business is the principal interest of these campus leaders. From Left are Nancy Avery, secretary; Loretta Gotch, president; Evangeline Yee, treasurer, and Judy Loverton, vice president.

WHEN THE FACULTY Follies hit old PU, how the stage did rock — and the noise from the Auditorium floor was deafening! Not only that, but the aisles were swept clean since most of us were kept rolling in them during the whole

Best Wishes!

ONE OF OUR MOST difficult tasks is to tell our friends goodbye. But just as time marches on, so do the years of service, and each year a few more of our teachers leave the school where they have contributed wonderfully to the growth of students. May everyone of them find new happiness in their Golden Years, free from our noisy chatter and the pressing problems of the classroom. Come back to see us, won't you? We'll never forget you. Please don't forget us! Old Phoenix Union will always be your "home."

They Make Us Into Believers

SCIENCE MAKES the world go 'round . . . and it makes our heads spin too, when we try to figure out some of those experiments! But hard work and skillful, patient instructors see us through. We come to a knowledge of general science and an appreciation of physics and chemistry—in spite of the minor explosions, weird smells, and sundry obstacles

GROWTH OF THE Science Exposition has intrigued many students. A large number helped at the science show as ushers and guides—while learning a thing or two themselves! Mr. Homer Turner heads this efficient department

Good Work Builds Success

LET'S BE BUSINESSLIKE! Many people go through life believing that they must not assert themselves for fear of hurting another's feelings . . . when all the time the persons they are most injuring are themselves! An understanding of good business practices and careful observation of ethical standards can lead on to success for all concerned.

THE OLD TIME grocer would give away cheese and crackers to the town fathers had to overcharge the more solid citizens if he wanted to make a living. But cheesy methods won't work in a more modern economy; Business Education students learn accuracy in accounting, typing, shorthand, and vocabulary; they study commerce, law, business machines, office practices. They have really learned worthwhile attitudes and skills by graduation time.

HANDY GADGETS are electric calculators and comptometers decide these Business Education instructors. Seated (from left) are Vivian Phillips, Rex Cline, Edith Haner, Charles Adair.

Teamwork Without Heroics

MUSCLES MAY BULGE on these big he-man coaches, but beneath all thatrawn lies a tremendous capacity for love and understanding of Phoenix Union's milling thousands. Upon Physical Education instructors falls the responsibility of teaching students the need for teamwork. There's no room for heroes in the sport unless the boys work together or nobody really gains a victory worthy of the name.

ROSY-CHEEKED girls don't get that way with cosmetics . . . not at PUHS! SO NEAR, and yet so foreign! Enjoying the atmosphere of many flags, serapes, and other lands literature—the Foreign Language teachers (from left) Margaret Maxwell, Rita Cannell, Maxwell Powell, Blanche Adams, Martha Robbins, and Rose Plummer.

Study Brings Understanding

THERE'S NOTHING "foreign" about our language teachers . . . unless it's their capacity to understand and appreciate the problems our friends below the border and across the seas must encounter. Our own local version of the United Nations—that's our foreign language experts! While they try to teach us the songs, grammar, and customs of French, Spanish, and ancient Latin peoples, they help us to broaden our understanding.

GOT A PROBLEM? Look up your counselor! From experimental beginnings a decade ago, our Orientation Department has evolved into a potent force for guidance. No student is ever without a friend among the teachers . . . he knows he can count on his counselor to help solve perplexities and to make class work a pleasant prospect.

IF YOU FIND A PROBLEM you can't solve, chances are you're taking a course in math! But don't give up, we know several teachers who can help you find the right answers. Not that answers are the prime factor. Our mathematics teachers are more concerned with teaching us a method for solving our own perplexing puzzles.

THERE'S SOMETHING in mathematics for every interested Phoenix Union student from simple arithmetic to advanced courses designed to prepare you for engineering, medicine, or scientific research. They teach difficult subjects, but our math teachers make up for it in kindness and a rare sense of humor. This we like!

No Long Hair Notions For Us!

ARTISTIC PEOPLE used to think that long hair and vague notions were necessary to set them apart from the rest of us. But not so with those who really know the value and meaning of modern art. An appreciation of light, color, balance, and rhythmic patterns can come to very ordinary people — once they learn what to look for. Our art teachers, while well qualified in their specialty, are more concerned about teaching you and me the real meaning of things artistic than in discovering a genius. The world may not hear of us, but we have fun, anyhow!

THE WORLD OF BOOKS can be fascinating. But we need an introduction to this fabulous treasure house. Our librarians are the answer! Their patience, cheerfulness, and skill have started many a Phoenix Union non-reader on the road to literary adventure and a lifetime of reading pleasure.

Masters Of Trades

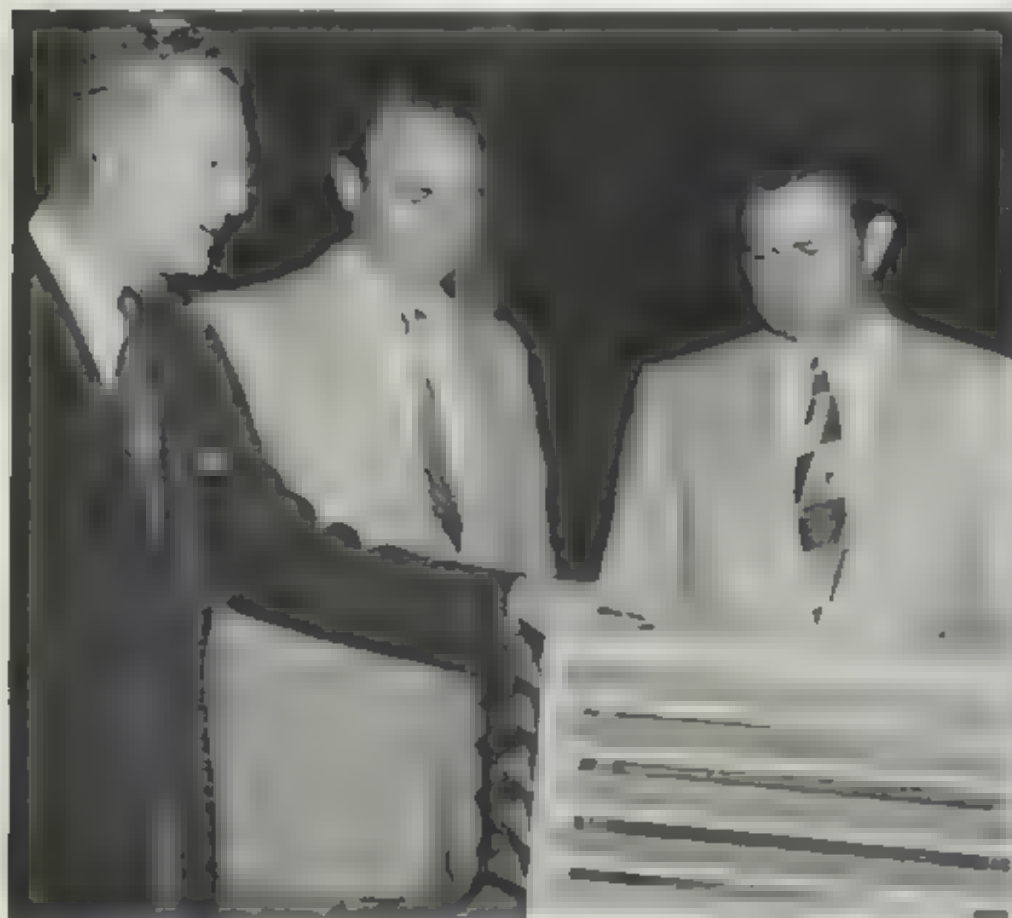

TIME WAS WHEN THE jack of all trades could make a fine living. The old village blacksmith could shoe a

horse or repair your sewing machine without having to produce a license from the city or a diploma from M.T. He took up automobile repairing then when Old D blin was put out to pasture. But all of his training came from experience. There were complications ahead as machines grew more complex.

TODAY'S CARS, RADIOS, and electronic devices call for the skill of a medical doctor, patience of a psychiatrist, and the reasoning ability of an Einstein. You don't learn that stuff from the corner blacksmith. It takes years of hard study and the careful help of trained instructors. It's an age of specialists. Our teachers are specialized to guide you in these fields.

MUSIC IN THE MODERN manner is no mystery to our versatile teachers. But they also put proper emphasis on the classics. Nothing like a solid background if you're to understand what's superior in the world of music. Many a student has acquired a lifetime hobby from his excellent musical training at Phoenix Union. Music will always have meaning for them. For some, it will be a career.

At Least We Have Theory

WORLD PROBLEMS are easy to solve in theory. But the World Team isn't always working as a unit. In fact, at no time in the history of modern civilization has the world been entirely at peace. Teamwork, often more theoretical than practical, is still the world's best bet, however. With a skilled and well informed corps of instructors in Social Education Phoenix Union's students are solidly grounded in the ways and means of reaching world wide accord.

IN ADDITION to American and U.S. History, the Social Education Department offers instruction in American Democracy, Social Studies, Occupations, International Relations, World History, Southwest History, and Civics. Cultural backgrounds, travel, and a deep appreciation of the lessons history can teach us mark the teaching staff of this excellent department headed by Dr. R. H. Ogle.

Welcome Guests

PARENTS are welcome to visit Phoenix Union at any time, but especially is the invitation extended for Open House night. Here student guides wait to show parents around the campus. When two visiting teachers, Loretta Wing, Benita and Hung and Lynn Moore welcome them to our school. Registration Booth is in front of Auditorium.

Our Friends

MANY STUDENTS feel that their parents are really their best friends too. It's not surprising in view of all the sacrifices and wonderful things moms and dads accomplish just to help us get an

education. Strong link between the school and the home is our Parent Teacher Association. The 4 day program, Open House, needy student aid, and other projects are in their plans.

PTA PRESIDENT was Mrs. Frank Starks, assisted by Mesdames H. F. Hogg, Peter Martin, Hiram Grimm, Ben Avery, E. D. Tussey, and Teachers Martin Sincoff and John Caceletto. They guided the Parent Teacher Association through an active, impressive, and happy year.

Just Think!

THAT'S ALL THAT'S asked of students in both the Science and the Mathematics Department — that they learn to think for themselves. In a world of scientific formulas and puzzling gadgets modern youth must dig in and take the lead. That's the only path to progress. And don't worry . . . Phoenix Union's bright kids will be right there when the time comes!

Those Farmers!

BACK FROM Kansas City with a big prize are Future Farmers Bob Burns, Paul Kovash, Ken Williams, and Roy Arnsperger shown here with Principal Carter.

Forming Wholesome Habits

PHOENIX UNION'S large, well-organized chapter of Future Farmers moved into the foreground of outstanding groups on campus. The FFA leaders who enthusiastically work the old Tech Farm in South Phoenix were cited by National Headquarters as one of the nation's top units. The boys raise livestock and crops to feed the animals. Their book learning in agriculture gets a big boost from their practice in the school farm.

GOOD HEALTH HABITS are a regular part of Phoenix Union's curriculum. The Drink More Milk campaign, sponsored by the Health Committee and backed by the Health Center, drew wide approval. Who said that the growth of Phoenix City would make us forget our wholesome small-town liking for milk and other farm products?

It's Practical

AS YE RIP so shall ye sew! Thus goes the old pun. But modern housewives learn not only how to patch and sew but also how to plan meals, cook, and budget household expenses in a way that would startle the old-fashioned wife. It is all part of the Home Economics training given both boys and girls at Phoenix Union. What was once considered educational 'fluff' is now one of the most practical courses any person can take in high school. It pays big dividends!

Safety First . . .

BY MAINTAINING a healthy school we can be more sure of a healthy community. With that truth in evidence, the PTA, Health Center, and State Health Board have teamed up to give Arizona students the best possible safeguard against trouble — prevention of disease before it needs a cure.

THE SPACIOUS new Health Center has facilities to handle the thousands of records needed to keep check on our students. In case of accident or illness, the attendants promptly and efficiently take steps to assure the proper care and treatment of persons involved. In line with this is the well-planned Driving Program now compulsory for high school students.

BOOK TALK Marilyn Rudnick reviews an interesting adventure story for classmates in English 7.

SELF EXPRESS ON is an art, but one that can be learned. First you must increase your vocabulary, enlarge your reading scope, and gain more than a passing acquaintance with grammar. Thus armed, you are ready to face the world of competition. Choose your field—salesmanship, teaching, office work, law, medicine. No matter where you venture, you're better prepared if you can handle English.

HAVING GROWN very large, the new Speech Department took leave of the parent English Department this year. But the relationship is still close. Writing, speaking, and reading English are inseparable. Even dramatics fits both categories.

SHOUT IT OUT! Student Director Sandra Matlock helps Student Actress Dolphin rehearse for the All-School Play. **RIGHT** Mr. Jacquot gives a lesson in theatrical makeup.

His student in advanced dramatics learn how to manipulate grease paint and other makeup to create stage turn age into smooth youthful beauty. Greasy work—but fun.

WINDOW dressing is part of practical course in advertising. Mr. LeSueur (upper left) and Henke watch Mattan arrange swim display. **RIGHT:** Whitaker at the 10 key adding machine. **BELOW:** While NOMA'S Mr. Hester sounds out words, Business Education students spell 'em. In background are teachers Poteet, Smith, Brock, and Haner.

In Business

THERE'S NO MONKEY business to the aspirations of Business Education students who have settled on a career in that field. They recognize that here they can learn fundamentals of typing, shorthand, book-keeping, commercial law, accounting, office training, and at the other important points of a successful business education. Arizona's business men have learned to expect efficient beginners from the PLHS system. Other students enter college for more detailed work, but all are as capable, well-trained, and diploma firms. They're certain to win success in business.

Welcome, Friends . . .

WORLD unity appeals to these representatives of the Foreign Languages Department, dressed to welcome parents at Open House. Pictured are Frenchman Larry Michael, Senor Jack Sutherland, Pat Overla, and Roman Milt Davis

A New World . . .

HOME IS WHERE you hang your hat! That may well be a truism of tomorrow . . . if the world continues to shrink, from the standpoint of

transportation and communication. We may be as much at home in Italy, Germany, or South America as we are in Phoenix! Friendships are more assured when we learn to know our neighbors. By language study and history research we can acquaint ourselves with much that will pave our way to a better world.

NATIONALISM AT ONE time was a chief cause for international tensions that led to war. We still have too much of that going on. But our United Nations and the earnest desire for peace may break the old mold that will also open the world to a Golden Age of understanding. How wonderful it would be without suspicious border guards, secret police, or enemies!

HOT SPOT! Hot spots feel an important place on the map after a quick glance at the news magazines. Pointing to the

Trades & Industries

DAYS OF THE DITCH digger are about over. The common laborer may some day be a relic of the dim

and distant past . . . if schools such as Phoenix Union continue to reach out to the masses and offer training in trades and industries. Why? We dug our ditches with machines, just as we're learning now to gather cotton with tractors and peel potatoes with a little machinery.

TODAY'S ATOM AGE demands that we become skilled. New industries spring up where we're trying to fill needed vacancies in yesterday's new fields. Our school, with its opportunities in radio, electronics, metal work, auto mechanics, carpentry, printing, welding, refrigeration—to mention a few—speaks out L.U.C.E.S. to its many sincere, energetic students.

Builders

RIGHT on the beam are these machine shop students, who are putting together the steel frame work for a new paint shop

They Rebuilt

THERE'LL ALWAYS be a need for repairmen! In an age of speed destructive cars, and other intricate inventions of modern mankind, the rebuilder will be as important as the original

manufacturer. Hence, a course in body repairing, painting, and upholstery can do much toward establishing Phoenix Union High School students in a worthy practical trade.

WHILE THEIR BEST practice may come from working on jalopies, the boys are just as ready to tackle a shiny new Cad or Imperial that is twisted in minus a few tenders and a crumpled snout. Good workmanship is demanded on the poor old wreck as well as the shiny new models. Moreover, a well rebuilt machine often gives better service than ever.

NEW CARS for old wrecks! Rebuilders of beat up automobiles get valuable training in the shop supervised by Mr. Wright

(far left), Student mechanics Nelson, Liston, and (far right), Ruiz straighten, repair, and repaint crumpled car bodies

UP SHE GOES! Trades and Industries students hoist a beam from the new Paint Shop near the Stadium. (Harry Crockett Photo)

Do It Yourself!

IF YOU WANT a thing done well, do it yourself! That's exactly what the Trades and Industries boys did when told there was a need for a new Paint Shop. They

got the raw materials together, ordered steel beams delivered, and took on the building task themselves. It'll be an excellent shop when they're done. Moreover, they'll be proud of it the rest of their years. They're building it to last!

INDEPENDENCE is something everybody seeks, whether in the budget or in balancing the budget. Young men and women are learning at Phoenix Union High School that such a desirable state of affairs can best be achieved by learning to do things for themselves, so that one's ideas and services will be in demand.

Learners

TAKE IT easy! The class in Practical Nursing gets a practical demonstration regarding care of bed patient. From left, enjoying the scene are Mesdames Webb, Doolin, Miller, Breninger.

In Good Hands

IS THERE A NURSE in the house? More often needed than a doctor is a practical nurse to help a sick person over the long haul to complete recovery.

This is the course in practical nursing available in the adult program has found wide favor. During the 1955-56 term, 65 adult students qualified for practical nursing certificates.

DESPITE THE TV ads praising the Speedy Home Permanent and the wonder treatments for beauty, women by the thousands continue to visit beauty shops. Students interested in qualifying for jobs as professional beauty operators are enrolled at Phoenix Union where they may complete the required hours of training. Then, if they can pass the tests given by the State Board, they are eligible to enter the profession. Director is Mrs. Ruth Bok.

lining up new classes. If enough students want a certain course, usually arrangements can be made to get an instructor and assign a classroom. Busiest place, of course, is the shops area, where students pursuing a hobby or a better pay job flock to learn new trades. Other hundreds are at work in classrooms studying English, foreign languages, or business courses.

HUNDREDS OF EAGER students who must work for a living daytimes are seeking to better their status by attending night school at Phoenix Union. Demand is the chief ingredient for

INTENT ON their drawing plans are these students of Mr. Don Coursen, shown at left rear. All these students learn fundamentals of mechanical drawing which leads to blue print work

and more complicated fields. **LOWER LEFT:** Now she'll run Gerrard works on carburetor in auto mechanics. **RIGHT:** Verna and Madrell gather tips from Auto Shop Instructor Williams

Lay Plans . . .

FIRST, THERE MUST be a plan! Nothing must be left to chance. Students of mechanical drawing are taught. Have a reason for everything. make a practical plan, then stay with it . . . is good advice, especially for beginners. But just as we must learn to walk before we fly, it is probable that many student architects will find their first work at high school leading into a useful and imaginative career. Many Phoenix Union graduates are now highly respected architects. So it is with the car builders. You learn a lot simply by doing! Students may bring their own old-vintage autos here to tear down, analyze, then restore to service

Good Eating!

CHEFS Vernon Matherly, left, and Joe V. Bonacci, right, with Kennedy Matherly, Kennedy's daughter, present the Cafeteria's Special Menu for the day to the students.

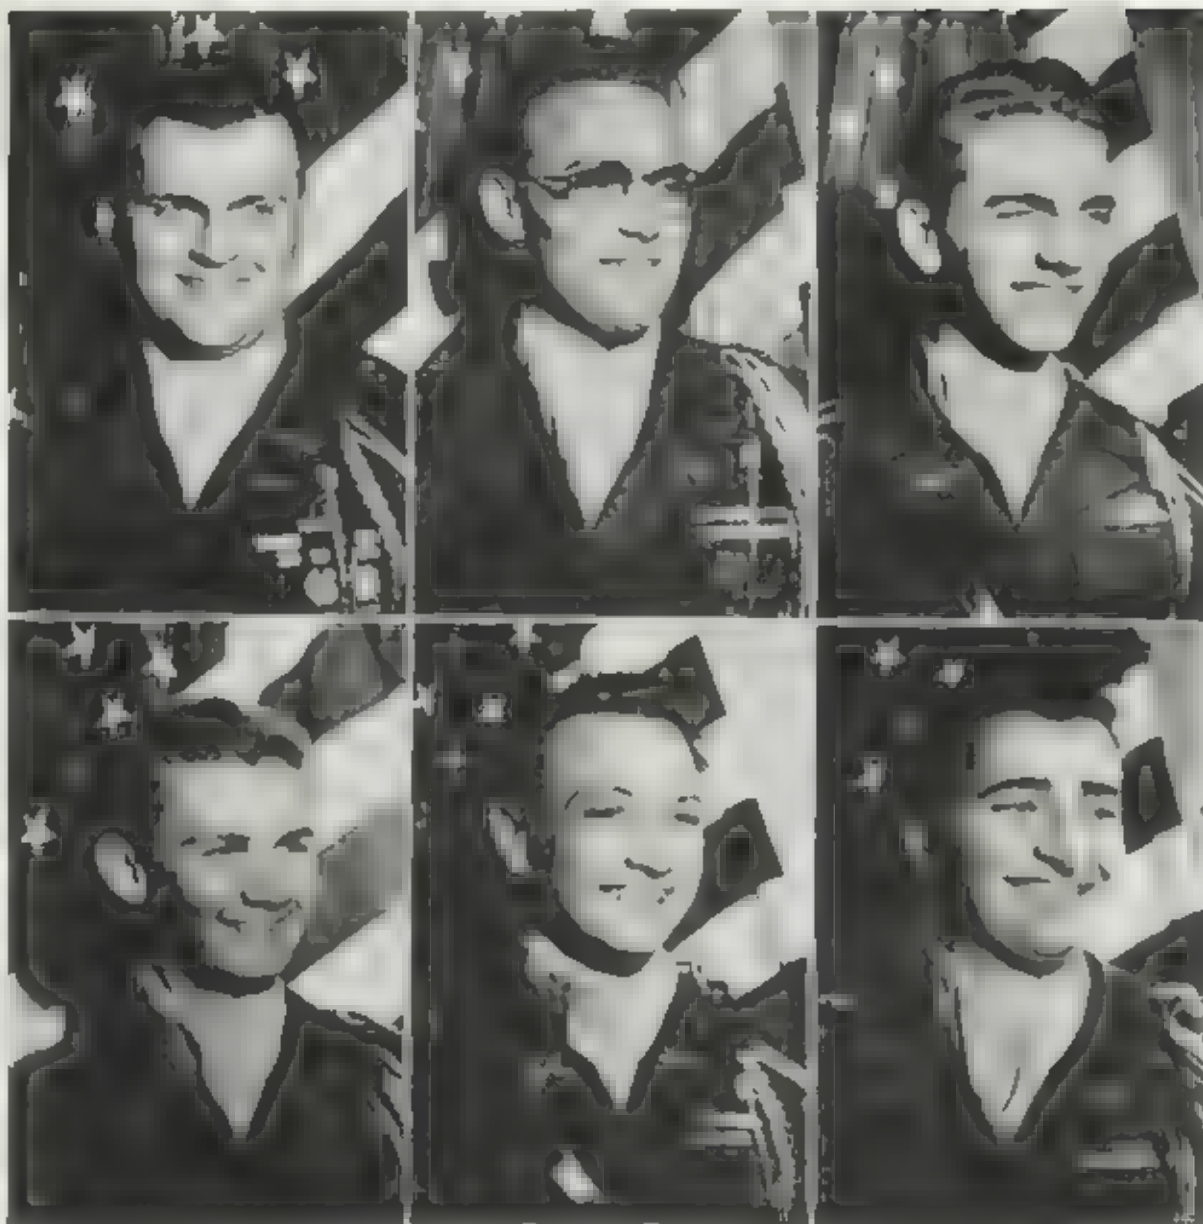

THERE'S LITTLE guesswork needed in estimating why our Cafeteria is the most popular eating place for miles around! When better food at better prices and with better variety is invented — you'll know where to find it! Right in our school Cafeteria, of course!

SCHOOL DIETITIAN Kennedy has long maintained a most delicate balance between the costs and student appetites. This is an is well remembered for the days at Friends Union more fondly because of the excellent Cafeteria.

BIG CROWDS of happy children are seen in the Cafeteria, a beautiful Cafeteria, a place where the students can find the best food at the best prices.

... and the students are happy to see the Cafeteria, a place where the students can find the best food at the best prices.

IMPORTANT TO MORE than 400 boys at Phoenix Union is the Department of Military Science and Tactics. Under the able leadership of the battalion staff, cadets receive instruction on all phases of military training. Like any team Phoenix Union supports the ROTC unit sets its goal to win. Competition is keen among the military units of the Valley.

MILITARY NIGHT, which is a series of contests involving the Phoenix high school ROTC units, is the ultimate goal for much of the training and planning. Local firms offer attractive prizes, and winning teams live in the clouds afterward.

IN STEP... A... in the Veterans' Day Parade. Five Phoenix ROTC units participate.

Training

COLOR GUARD members proudly bearing national and school colors are Mossman, Villaverde, Barela and Mosher. They present the flags at many school events.

AS IN ANY MILITARY team, there are separate competitive groups working toward the good of the unit. Outstanding of these units is the Senior Drill Team, well known for its snappy routines and fine exhibition drill. The Rifle Team, too, is a glowing light for Phoenix Union. Competition on Military Night features platoon drill, squad drill, company drill, machine gun, and tent pitching contests, exhibition drill, and the Military Sweepstakes races.

PRECISION and sharpness define the Phoenix Union Drill Team. Performances by this unit have brought much U.S. Army recognition to the Coyote Battalion. Drill instructor is Captain Kinsey.

The Veterans' Day Parade and the ROT Assembly, pictured below, are two of the many events in which the unit has participated. Their success secret: hard practice.

We Belong At The Top

TOP BRASS — Seated, Lt. Col. [Name] and Matteson, P.M.S. & T. of the [Name] & [Name] High Schools Regiment examines promotion boards. His assistants are Captain Jennings and Captain [Name].

INSPECTION AND MORE INSPECTIONS! What makes a good team is constant reviewing of the unit. Those that help keep the unit in shape are forever making sure that it is sitting right on top where it should be. Rifles must be clean, brass and shoes shined, uniforms pressed and general appearance way above average. This truly is a team anyone could be proud of. Military discipline leads to alert performance.

RELAX WHILE you learn! Quietest place on the campus is the library, where you can browse among the books and find what you need. This picture was taken from the northwest corner.

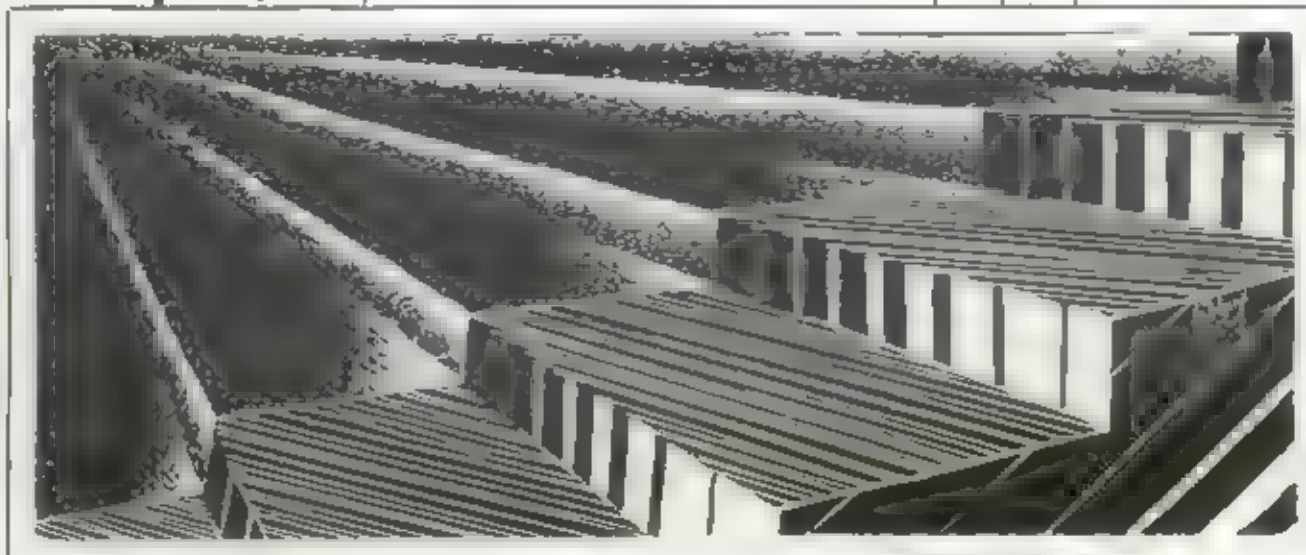

IF YOU HAVE A tough assignment that calls for research—such as a term paper or a Rotary Contest speech—head for the Library! There you'll find expert librarians and a wealth of material to help you. Under the general direction of Librarian Beth L. Rogers, the library

staff arranged stacks of research information for groups working on major projects. Special attention was given those who required even more specialized material. The Library proved to be a gold mine of information.

ON THE LIGHTER side of school life are the thousands of interesting fiction and true-adventure books to be found in the Library. Because every English student is required to turn in one or more book reports each term, those who disliked reading were as likely to be found searching the shelves as were those who were forever running out of new books to read!

It's cap and gown time!

give us the right start.

OUR CLASSES

BEST FOOT forward: Senior Class officers ready for new adventures are from left: John Lee, president; Neddy Morris, secretary; John Davies, vice president; Barbara Poole, treasurer.

Class of '56

TEAMWORK GOT A WORKOUT this year from the Class of '56. They accomplished much: a clever class play; fun-full coed party and a precedent-shattering shift in the type of graduation garb they'd wear Commencement Night. Instead of formals the grads will don caps and gowns. But the cap-gown issue was not settled until after a vigorous battle in the homerooms and Student Council.

THEY FORM ONE of Phoenix Union's largest graduating classes, but each senior will long remember the Old School with fondness. Each one got what he sought, either a good education, a good time, or both. Graduation Night Dance, sponsored by PTA, gives them a final chance to say goodbye.

Four Years Of Fond Memories

SAY "CHEESE" More than 650 seniors gather in the Quad for their annual class picture.

COME 'N GET IT! Faculty women put finishing touches on potluck dinner dishes for teacher picnic at the Farm on farm ground are Mrs. Gillespie and Miss Stewart. **RIGHT:** Come to the Frontier Ball urge promoters Hollom, Hibbert, Smaw, and Smith. **UPPER LEFT:** It was a beeg scramble after the

pinata broke at Los Coyotes Club party. **RIGHT:** Sixteen tons and what did it? This gang from Miss DeLap's homeroom got 400 pounds of clothing in 37 large bags during Sunshine Home Drive. They also got first prize and a party. Shown are Moreno, Mills, Schectman, and Ward.

Great Day

HIGHLIGHTS OF THE school year were many and varied and as such they'll long be remembered. The campaigns to gather clothing, food, and money for the needy; to collect books and magazines for the hospitals; toys for the less fortunate youngsters, and financial help for such worthy causes as the Red Cross, March of Dimes, and Red Feather. And the parties! Homeroom funfests, spontaneous gatherings at private homes, or organized picnics, dances, barbecues, picnics! Even the teachers had their innings—potluck dinner at the Farm, dance and dinner at Bud's Barn, many social gatherings in the Social Hall. Fun? You bet.

Graduation Class Of 1956

- HERE THEY come . . . The Class of 1956! Eyes clear, heads high, determined, self-assured, prepared to face any problem. Ready, willing, and able
- At least, that is how they feel now. All the world is full of roses. Every street is paved with the gold of opportunity. They are young, they have earned a diploma
- Time will bring stern realization to what are now fond hopes. The world is not a bowl of cherries or a rose-scented path to success. But the Class of '56 is armed with more than starry-eyed dreams . . . Each has an educational background that will help ease the bumps of defeat and point the way to the solid highway of achievement. Once launched, he'll make everybody remember him with pride and admiration

Success Is What We Make It . . .

THERE IS A GENIE . . . a fabulous giant who magically opens doors to great treasures, lifts us from the depths of despair into the warm glow of success. But it takes a bit of time to get him to work . . . for he dwells with his

The spark of genius must get its start with the individual. He alone can call it to duty or smother it with vain regrets or unkept promises. The way to riches tale has no place in today's realistic world. The Class of '56 knows: 'Only one road for success—get busy!' If your golden egg of opportunity falls from the frying pan . . . get out, find another egg.

ALTHOUGH THE BIG scholarships from the Eastern colleges hadn't come through in time to report, here are a few seniors who have made that first step upward. Marie Gassler, Grand Canyon College renewable scholarship; Bob Gregory, Naval ROTC \$5000 scholarship; Barbara Poole, Occidental College, \$750 scholarship; Joe Shepard, Standard Oil \$400 scholarship; Lyda Fung, Loretta Gotch, Don Kenney, Charles (Buddy) Sessions, tuition scholarships to Arizona State University; and Roberta Haworth, AF of L \$500 scholarship. Kenney and Shepard also were offered Baird scholarships to the U of A; Rosalie Arnson, Beverly Caruso, Danalu Eager, Quola Hatch, and Benna Wallis won ASU scholarships of \$312 each. And that is just a start! Watch this Class of '56. They'll make many a prominent headline.

Those Juniors!

CLASS of 1957. They enjoy the prospect of a bright senior year. They are: Joanne Fulton, secretary, Ronnie Abbott, president, Veep Olsen, vice president, Joanne Fulton, secretary, Ronnie Abbott, president.

Full Of Life

ALMOST, BUT NOT QUITE . . . that might summarize the feeling juniors have as the school year nears its windup. For all practical purposes, however, these peppy teeners are the sparks that keep life stirring on the campus. Not worn down with the cares and worries that beset seniors . . . such as college, army, a job . . . the juniors have cut class and enjoyed life to its fullest. They carry established leadership at student doings and proved to everyone that teamwork and good sportsmanship were their ideal. Veep Olsen was elected student body prexy for 1956-57.

MR. CHAIRMAN Juniors and their student sponsors take the stage to do a bit of selling prior to student body elections. At the speaker's rostrum is Ytturalde, later to be elected vice

president. **RIGHT** Candidate W. C. put a few words on why he should have the vote. There's really no better way to learn politics than by practicing it.

THE HALFWAY
MARK has been reached.
ed! We're on deck as
upperclassmen at last!

There's a noticeable difference between seniors and juniors . . . in the fall. But even this spring, we could see a new type developing, among the tenth graders. It's I wish to for us in assembly . . . and an added responsibility will be ours in running the student body.

WE'LL STILL CHUCKLE at freshmen and guffaw over the pranks pulled on the innocent newcomers in the fall of 1955. But that was childish stuff . . . then! It's different now. Juniors are too old to fuss with kids. Why, in another year we'll be big, important SENIORS!

GOTTA REST my feet. But I can't believe it's almost
 11:00 p.m. **RIGHT** It was supposed to be 10:00.

Class of '59

OFFICERS for the freshman class this year were (from left) Bob White, president; Sue Garrett, secretary; Phil Wein, vice-president; and Phil Wein, treasurer.

Fast Growing

ALTHOUGH THEIR FIRST few weeks on campus seemed slightly bewildering to most freshmen, they soon rallied. Realizing that the upper classmen suffered the same ordeal, the freshmen soon relaxed and settled down to the routines of life at Phoenix Union, such as reading the Coyote Journal, and those "balcony assemblies."

THE JUMP FROM grammar school to high school is a big one, and it's full of pitfalls. Children are treated like grownups, and often the bumps come fast and too hard, but give the freshmen credit—they've come through without complaint. They're growing fast. Their start has been auspicious . . . the big years lie ahead.

THE YOUNGER generation is unafraid of the future. Atomic attacks are possible, but so are atomic wonders and electronic marvels. They intend to be a part of the brave new era we have already entered. The freshmen of today can be the leaders of tomorrow.

STUDENT LIFE

Our Pledge

THE PLEDGE OF ALLEGIANCE brings all Phoenixians to a common ground of good fellowship. We accept freedom and liberty as our due, but we're proud to assert our loyalty to the system of government that assures such liberty. Here a first assembly group joins President Norman Jackson in the loyalty declaration. About 2,000 persons are pictured.

A Delectable Dish For The Salad Bowl

LYNDA JONES was our Salad Bowl Princess

FOR THE SALAD BOWL of 1956, Phoenix Union High School contributed many delightful ingredients. Sugar and spice — and everything nice! Not only did our candidates possess charm, but poise, personality, popularity, and for that extra bit of flavor, a touch of intelligence, too! With a dash of salt, which is in disguise their sunny smiles, they would make a lovely dish to set before the king.

COMPETITION FOR ROYAL titles is nothing new in the Valley of the Sun, where beautiful girls mingle with the orange blossoms, blue sky, and bright sunshine as part of the scenery. But it seems to us Phoenix Union High School's crop of puchritudinous femininity gets better every year! Could we be prejudiced, maybe?

ATTENDANTS in Salad Bowl Contest were Shirley Spencer, Connie Chavez, Loretta Coffey, and Sandra Clark.

Pretty Smiles Win Friends

WHETHER YOU ARE a candidate for a Queen title or an usher in the Auditorium, one fact stands out: you are in the public eye. The manner in which our Phoenix Union girls have conducted themselves before the public is an added honor for the school. People can be impressed when teenagers show courtesy, intelligence, and tact. The well-disciplined and neatly dressed Auditorium Club girls have been especially praised for their conduct. Their cheerful service to the local community has made many worthwhile friends for our school.

Precise Grace, Rhythm . . .

BRIGHTEST POINT in any pep assembly or halftime show is the arrival of the Pompon Girls. In bright costumes to accentuate their smiles and the whirling grace of their dancing feet, the girls always drew well-earned applause from approving fans.

THEY DON'T DREAM up that precision of those tricky routines. Hours of long, tedious practice must go into every new dance presentation. The girls must watch their health habits, get plenty of rest, and practice, practice, practice until every step is automatic, every gesture in rhythm with the music. Such preparation shows, too, when their big moment arrives. Hard working, talented sponsor is Mrs. Lucene Billing.

MARTIAL MUSIC fills the air at Arizona State Fairgrounds as the Concert Band, under baton of Mr. Pat Lebs, entertains

Many Listened . . .

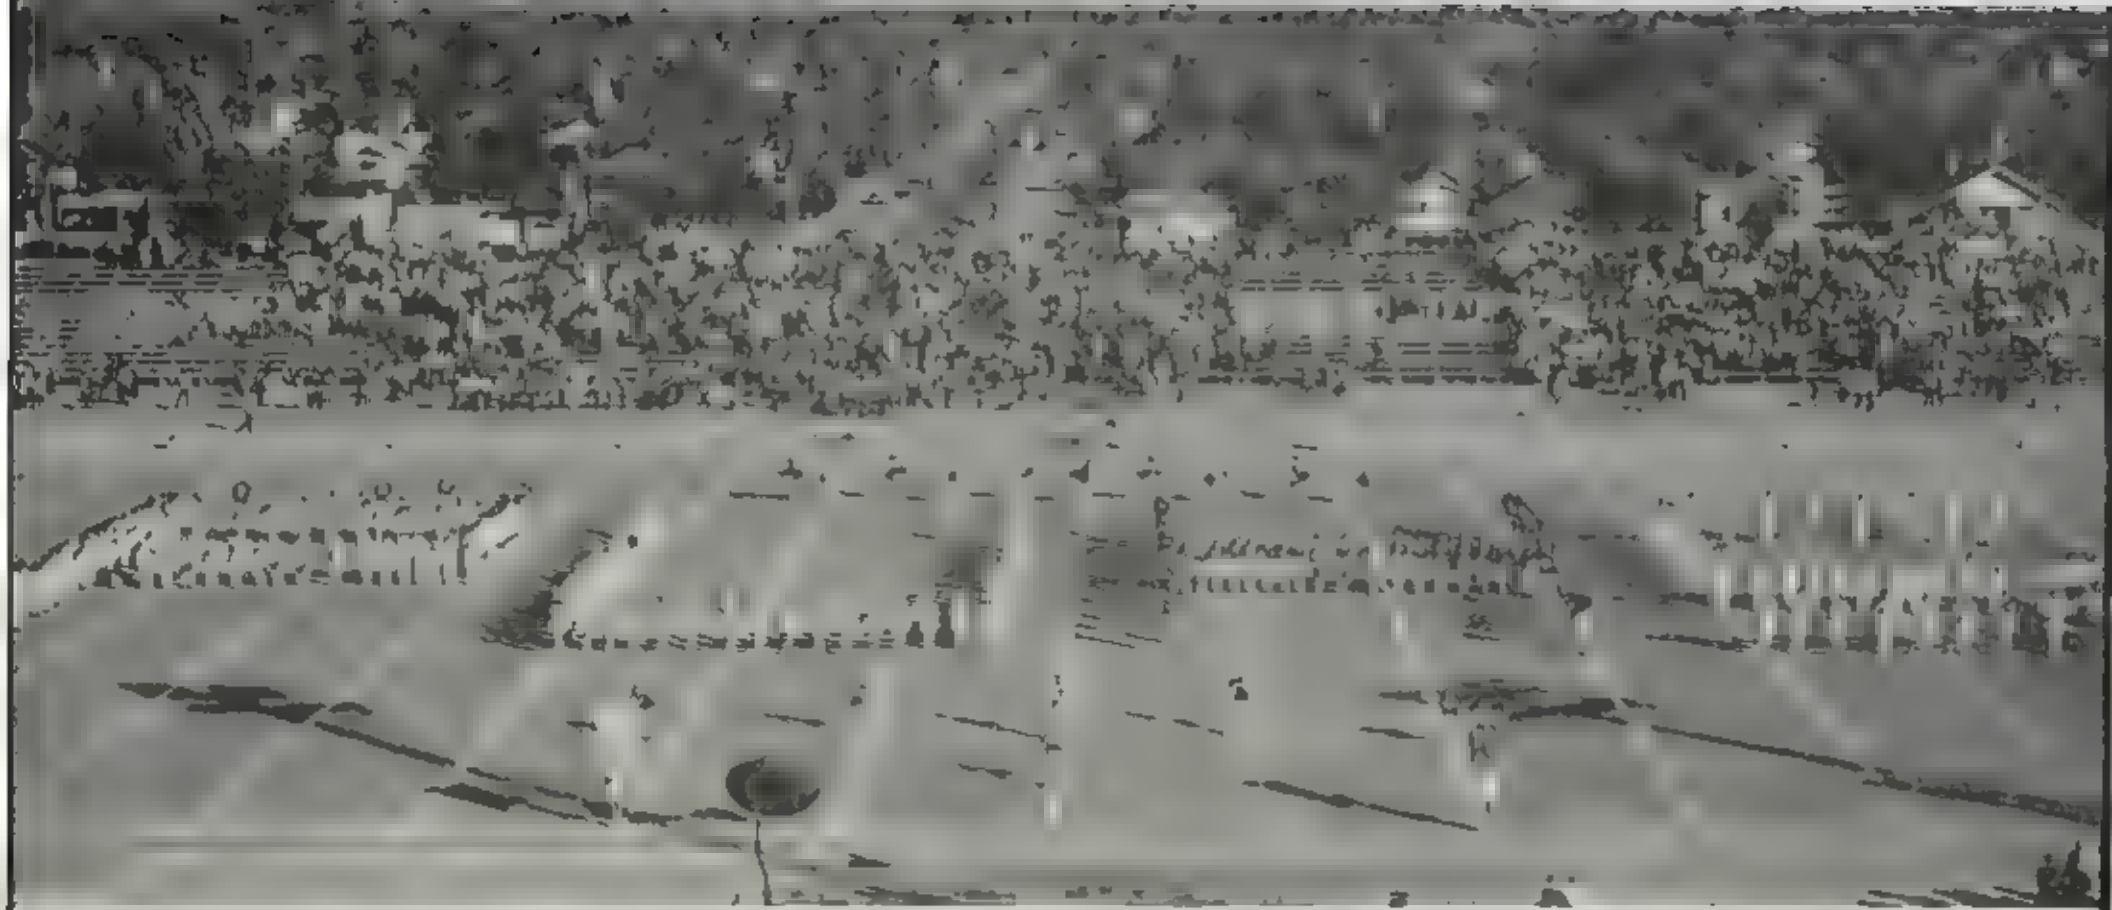

WONDERFUL IS THE WORD for Phoenix Union's 100-piece Concert Band which has built an enviable reputation as one of

the state's outstanding music organizations. Director is Harvey Zorn, with Pat Lebs as assistant director. The fast stepping Concert Band wowed the crowds at football games with their formations and excellent harmony.

THERE'S A PLACE in the band for every boy and girl who has ambition to blow his own horn—or a reasonable facsimile! The school is able to provide a number of instruments as well as the colorful uniforms that dazzle onlookers. Training in precision marching and music gives the band member an exciting and memorable experience. This year a varsity band was formed to include only freshmen and sophomores. They will be the backbone of a strong Concert Band during their junior and senior years. Exceptional musicians may look for scholarships, too, when they get ready to enter college.

THIS I LIKE! Band Director Harvey Zorn explains his choice of music for the coming Spring Band Concert to Howard Goldman, Boys' Band president, and Mary Lou Jordan, Coca dettes president.

Spell It, Yell It!

STRICT TIMING, PLUS GOOD musician-ship is combined to present the newest and finest of band formations even though they may be the hardest. Each week before the game Director Harvey Zinn, Pat Letts, his assistant, and Drum Major Buddy Sessions planned a new formation. This included numbering each player and getting him to the right place at the right time to spell out or create an intricate design.

EARLY EVERY MORNING faithful band members practiced the formations long before actual band period started. Comradship and the satisfaction of doing something well brought these musicians out to the field at sunrise with a cold mouth piece to their lips or a shivering wet reed in their teeth. It took teamwork to get these four bands together under one baton! But good-natured teenagers will work when the need arises!

EARNING a little sugar on the side by playing in dance bands are these musicians from our school band. **TOP:** Gomez, Portillo. **BOTTOM:** Adomowz, Sessions, and Gonzales. This group also provided a high spot in the All School Follies.

Their Singing Inspired Us . . .

ANOTHER SUCCESSFUL year of sacred music has been rendered by this year's Oratorio Society, directed by Dr. Milton K. Rasbury. This group is ranked as one of the top choral units in the nation. The Oratorio Society is regarded as a valuable link between school and community. All Arizona is proud of this well-trained group.

DURING CHRISTMAS season the 150 voice Oratorio presented Handel's Messiah. On Good Friday night the choir sang Bach's "The Passion of Our Lord According to St. John." This was also recorded for the NBC national radio hook up for presentation during Holy Week. The local press paid tribute to the Society on Good Friday with a full page of pictures and praise. Included in their year's schedule were performances at Tucson, Phoenix Rotary Club, and several student assemblies.

With A Song In Their Hearts

"WALTZ ME around again Nellie is the cry of Marie Treadway and Carole Hodges, performing at one of A Cappella's many assemblies

SING! SING! SING! That's the cry of Phoenix Union's A Cappella Choir. The 90 voice girl chorus that is directed by Miss Kathleen Hergt is always ready, willing and able to bring you a song to cheer you, blue you or raise your spirits to the heavens. With a song in their hearts, they practice diligently every day to bring us performances that can be described only as "wonderful!"

IN THE COMBINED Spring Concert with the Concert Orchestra, A Cappella girls combined salesmanship with their vocal talent to sell a margin of tickets far above that sold by the Orchestra. Besides long hours of practice the girls took time out for fun and relaxation in the form of their initiation party, spring picnic, as well as their farewell banquet.

HERE'S TO YOU—At your service with a song! With their usual poise and beauty the A Cappella choir stands ready to serve up a song. Variety is the spice of their programs that feature the

top classics, selections from the Broadway musicals and the parade favorites. Wayne Fowler is the versatile pianist for the group. Director is Miss Kathleen Hergt.

Music Gladdens

WHAT WOULD this old world be without music? Perhaps that question could never be answered, since it is probable that from the earliest

times man has made music of some sort . . . whistling, playing from pipes made of wood or reeds, and singing. The Madrigals, originating from a choral type of the Middle Ages, found that blending of voices made wonderful music. There was no need for accompaniment.

THE RICH BLENDING of youthful voices today has won wide approval for Madrigal groups such as ours. The choir specializes in sacred music, does exceptionally well with Christmas carols and spirituals. They made many public appearances, singing for civic groups and service clubs. Leader is Miss Kathleen Hergt, who introduced Madrigal music here.

CARNIVAL? HALLOWEEN? Nope, just another well-dep assembly! Entering into the school spirit are Brown, Long.

If Music Can Soothe, Here's A Recipe . . . !

CHECKING score for annual Spring Concert are Director Lombardi and Buddy Sessions, student conductor

IF MUSIC HATH CHARMS to soothe the savage breast . . . to soften rocks, or bend a knotted oak . . . the Phoenix Union Concert Orchestra has a sure-fire recipe to end all wars forever! Under the baton of energetic Director Eugene Lombardi, the group produced superior renditions of both popular and classical music to win wide applause from students, faculty, and townspeople. To indicate the Orchestra's quality, one member Jan Sessions, was selected from among hundreds of the state's young musicians to represent Arizona this year at the National Musical Festival in St. Louis.

ALTHOUGH THEY BEGAN the year with a fine assembly appearance, the Orchestra members really hit the peak at the Spring Concert in March. In addition to their musical interests, the group went in for social activities, a theater party, dinner at the Smorgasbord, and a gay hoo-down at Bud Brown's Barn. Buddy Sessions served as Orchestra president. Other officers were Peter Gulatto, veep; Marcia Henry, secretary; Eunice Hedgepeth, treasurer.

FOISON AND LAUGHTER ran wild when the Junior Class presented "Arsenic and Old Lace" early this year. Considered one of the best plays presented by the Dramatics Department, it featured two sweet senile old ladies who spent their time putting old gentlemen out of this world by spiking their homemade elderberry wine with arsenic.

STUDENTS ROARED as Teddy, who thought he was Teddy Roosevelt, buried the ladies' victims in the cellar or Panama Canal, as he called it. Mixed into the play was a cop who would rather write plays, a pretty girl who skipped home over the grave stones, and a nephew, who changed his face every time the law got close but during the play looked just like Boris Karloff. It was a laugh riot all the way.

The heavenly music, lovely decorations, handsome boys and beautiful girls made each dance something to remember.

Did We Dance? Why, Sure....!

THREE FORMAL dances were successfully sponsored by the Girls' League this year. Mid night and Roses Ball, Nov. 5, had a Hawaiian theme, complete with leis and Polynesian masks. Beverly Caruso, Marian Wong, and Pat Caldwell were general chairmen. Then hearts, flowers, and cupids profusely decorated the Gym for the annual Sweetheart Ball, supervised by freshman and sophomore units. Hit of the dance was a white tissue paper heart with miniature hearts spelling out couples' names in silver. Anne Stow and Pat Wright masterminded this delightful affair.

Hold Press! Story Brewing!

PROBLEMS GALORE confronted the 1955-56 Coyote Journal staff in its hope to produce an appealing newspaper. With a new sponsor, Mr. Stanley (Scop) Shires, the scribes met the challenge of a larger student body and a general tendency of disinterest in a campus paper with a rash of pictures, news columns, and cartoons. New features included "Familiar Faces," "Club of the Week," and "The Editors Cornered," the latter in reply to a popular request from readers.

THERE WAS WORK for everybody, from the lowliest cub reporter to the ubiquitous editor. All could be found around campus, digging out news for the next edition.

SUCH CONTINUOUS activity was guaranteed to keep staffers trim, slim, and full of vim. Managing and associate editors helped Editor Wallis with assigning stories, page makeup, proofreading, copyreading. Exchange and circulation editors, feature writers, and photographers were sure of a daily workout in the busy, bustling Coyote Journal Office.

MR. BIG: Business Mgr. Cyd Akin kept us in the black for the second successive year with his talent for cranking up advertising.

First Train--- Then Write!

THE FIRST TWO HOURS of every day in the Journal Office are spent in training aspiring young scribes. From these classes will come the staff for next year. Training is given in headline writing, story writing, copy reading, proof reading, and layout. As part of the training, reporters from the Republic and Gazette speak to the students explaining the opportunities for a career in professional journalism.

THE CUTE JOURNAL, an April Fool product, is entirely produced by the junior members of the classes. The editor and the staff sit back and take it easy while the cubs do all the work—from the story writing to the final laying out of the pages. In fifth and sixth hour publication classes, the young journalists have their chance to participate as staff members in the work of putting out the Coyote Journal.

IF WORK IS WHAT you want, come to Room 51-B and say, "May I help on the Annual?" There's little or no glamour to it, but the teamwork, rush, and excitement of deadlines can add new meaning to your high school memories! For the first time, a class in Yearbook Production was set up. Many and varied were the ideas that arose, many were the mistakes but many also were the innovations that we hope, led to an improved candidate for All American honors! Key To Progress

ACTIONS SPEAK LOUDLY and for that reason the Key Club, in its second year on campus, has rung many a bell

with its constructive program and forward planning. Backed by the local Kiwanis Club and working closely with the dean of boys, the Key Clubbers have completed many service projects. Ticket sales for the Faculty Follies and the annual All-School Follies were included in these activities.

A HIGHLIGHT of the year was the first Southwest District Key Club Convention, held in the PUHS Auditorium. The spirit of progress and interschool friendship did much to promote sportsmanship among the various Key Club units. Sponsor here was Mr. Cliff Prather. Officers were Charles Allen, president; Phil Ewart, vice president; Joe Shepard, secretary, Wayne Fowler, treasurer. Carlos Yturalde is president-elect.

Christian Aims

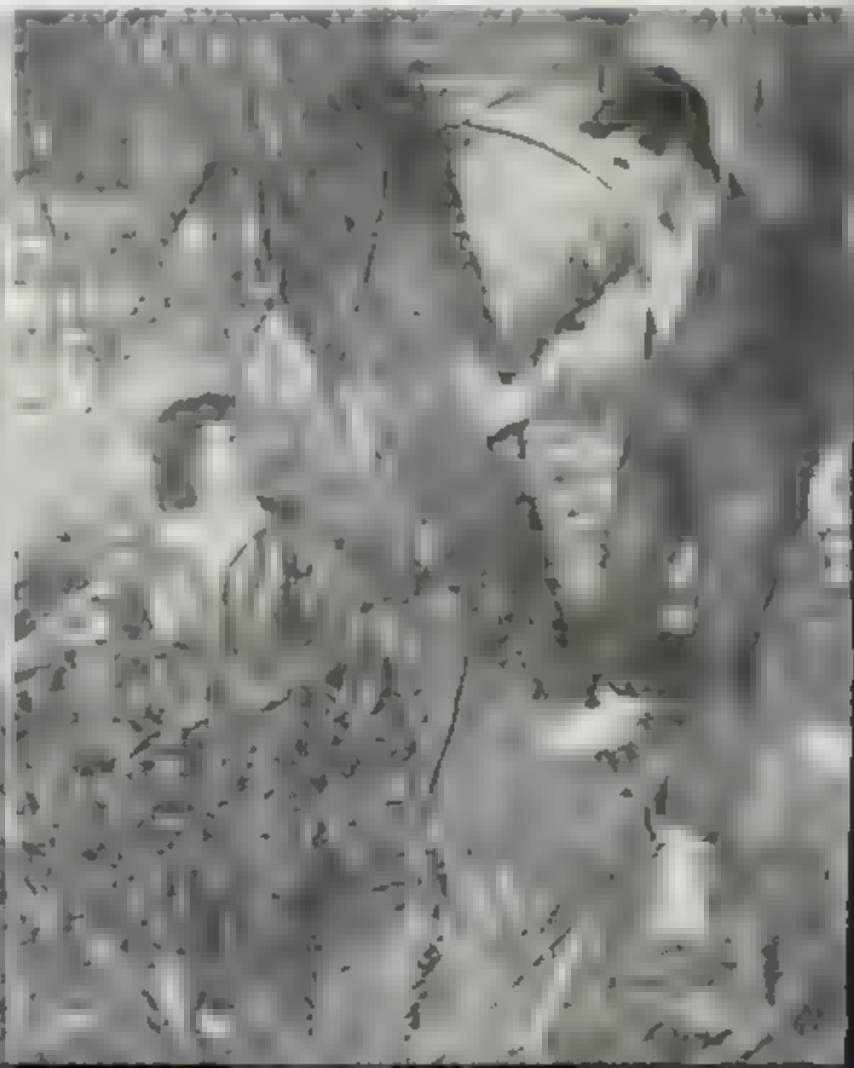

"TO CREATE, MAINTAIN, and extend throughout the home, school and community, high standards of Christian character." This is the aim of the Tri-Hi-Y and Hi-Y Clubs.

The Inter-School Council, composed of president and a representative from each club, helps to further this aim by concerting the efforts of all the clubs for one purpose such as the Clean-Up Campaign.

EACH CLUB CONTRIBUTES equally to help make these campaigns a success. The clubs have individual projects also to help earn money to sponsor various social affairs. Sales, carwashes, dances, hayrides . . . these activities have helped to make our school more rounded in its program as well as producing better citizens with a Christian attitude.

HELPING OTHERS WITHOUT asking for anything in return is the duty objective of the Junior Red Cross, which was established very convincingly by this year's members. Some undertakings were a party on Christmas and Easter for the children's

hospitals, a membership drive, and several favors for the Veterans' Hospital. Directing the club this year were Johnny Brooker, president, Judy Chapman, vice-president; Germaine Peterson, secretary, and Margaret Bandy, treasurer.

GOBBLE GOBBLE said the turkey and also Las Estrellitas, as they chose this name for their Thanksgiving benefit dance. Having an admission price of two cans of food, they furnished a needy family with a Thanksgiving dinner. At the helm this year were Gloria Taffoya, president, Dina Peralta, vice-president, and Marie Ballesteros, secretary.

There's Plenty Doin' Down On The Farm!

IT WAS A BIG YEAR for the Future Farmers of America . . . with honors coming in from all directions. Best prize was the national Gold Emblem Award at Kansas City last fall where the Phoenix Union Unit was judged one of the Nation's best. Barbara Lawson was named Chapter Sweetheart over a bevy of high school cuties, the crowning climaxing a banquet at which the boys served roast beef prepared from stock raised on their FFA farm.

CALF LOVE? We won't say so. But you can't blame Ken Williams for planting a big kiss on the cheek of Barbara Lawson, newly-crowned FFA queen.

THEME OF THE BANQUET was the Five C's—Cotton, Citrus, Cattle, Crops, and Climate. Clever decorations carried out the motif. Mayor Jack Williams was featured speaker and Vernon gave was Mr. The local chapter also won the Federation Parliamentary Procedure contest held here March 5. On the team were Arnsen Williams, Paul Kovash, Jack Barnes, Alvin Wood, Gar Deal, Perry Gruch, and Leon Brown. Chapter advisers are Pat Bell, Wendell Smith, and E. F. Felton, who keynote the Farmers' program.

A MAJOR PURPOSE of secondary school courses is to give us a sampling of what we might want as a

Girls may leave high school and train for either profession with on-the-job practice. Florence Nightingale Club sees that interested girls visit hospitals, talk with registered nurses, and have other opportunities to evaluate that career in their own terms.

Champs Again!

Don Covote foiled many pre season prophets who felt the title would go either to Mesa or Tucson. With a more versatile team than last year's city and state state stars, the Coyotes scored 242 points while holding opponents to a mere 42 points.

THE COYOTES TRAMPLED St. Mary's Knights 33-6 in the opener. Scoring three TD's, George Greathouse was well on his way to winning his second consecutive scoring title. Other TD's came from Coyotes Jack Wing and Dave Hibbert.

The Pack next found itself in the fourth quarter, with a slim 13-7 lead over South High's Rebels. Then it happened—a Coyote fumble set the Rebs up for the tying TD. Jon Conner's blocked extra point try made the difference, and the frustrated Coyotes lost 14-13.

CHAMPIONS! FOR THE SECOND straight year, Coach Sam Winningham led the Pack to the Class AA championship. Finishing with an 8-1-1 record,

Fightin' Mad Coyotes . . .

FURIOUS OVER their defeat by the Rebels the week previous, the determined Coyotes waded in on Yuma, clobbering the potentially strong Criminals 35-0. Yuma, which finished second to the Coyotes in Class AA, was completely stymied as the Pack, headed by Quarterback Dave Hibbert, revealed a new passing attack. Replacing the injured Robert Fields, Hibbert broke the game wide open with sharp passes to Ends Darnel Haney and Delbert Hodge.

THIS AERIAL maneuver, with sticky-fingered Hodge usually receiving, took the pressure off the Red and Black's running game. California teams couldn't do much against the rugged Coyotes who weren't about to take any fancy back-talk from reputedly strong grid clubs.

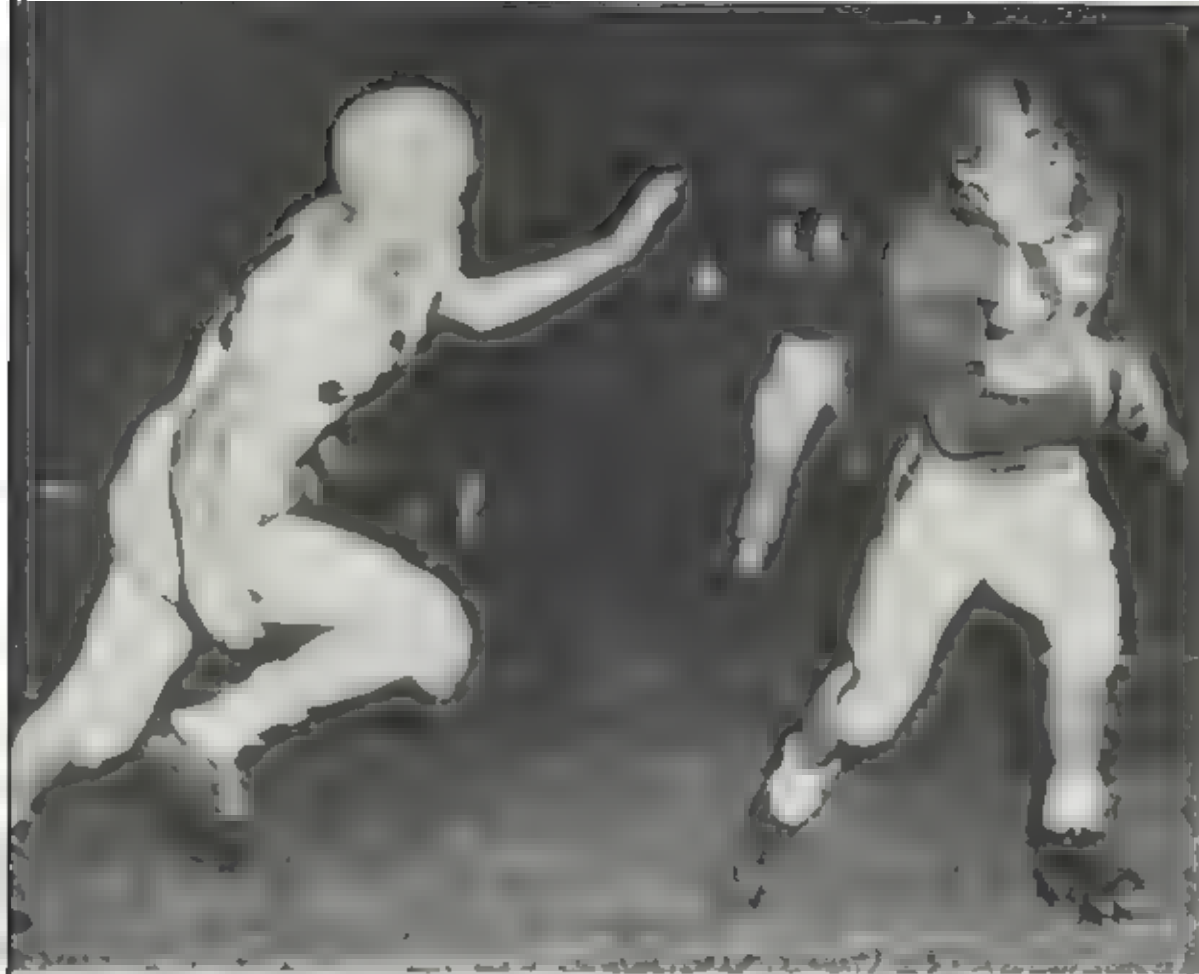

ZOOM! Hodge catches after intercepting a pass. He won second team All-City.

Boom, Boom! Down Goes California

SPEEDY Fullback Jack Wind break through to score against South Mountain High School's Rebels.

MIGHTY GLAD TO HEAD Jack and the Golden State were two of California's perennially big bodied teams. San Diego and Santa Barbara. The former had to settle for 39-2 after an evening of demoralizing runs, kicks, and hard knocks from a fast, rugged Pack. Santa Barbara's Dons, who had humbled previous Coyote teams more times than the local fans could remember, bit the dust 14-0.

UNPREDICTABLE MESA was next . . . and the final outcome, 13-7 for Phoenix, was the identical score of the 1954 season! Greathouse performed superbly in the thriller. Penalties kept the Pack's scoring down, but statistics clearly showed the Coyotes played a harder better game than the tally indicated. All-Stater Dick Borden was outstanding on defense.

STUDY THIS! The Coyotes were a powerhouse, just starting a 14-0 season. (21) led the team.

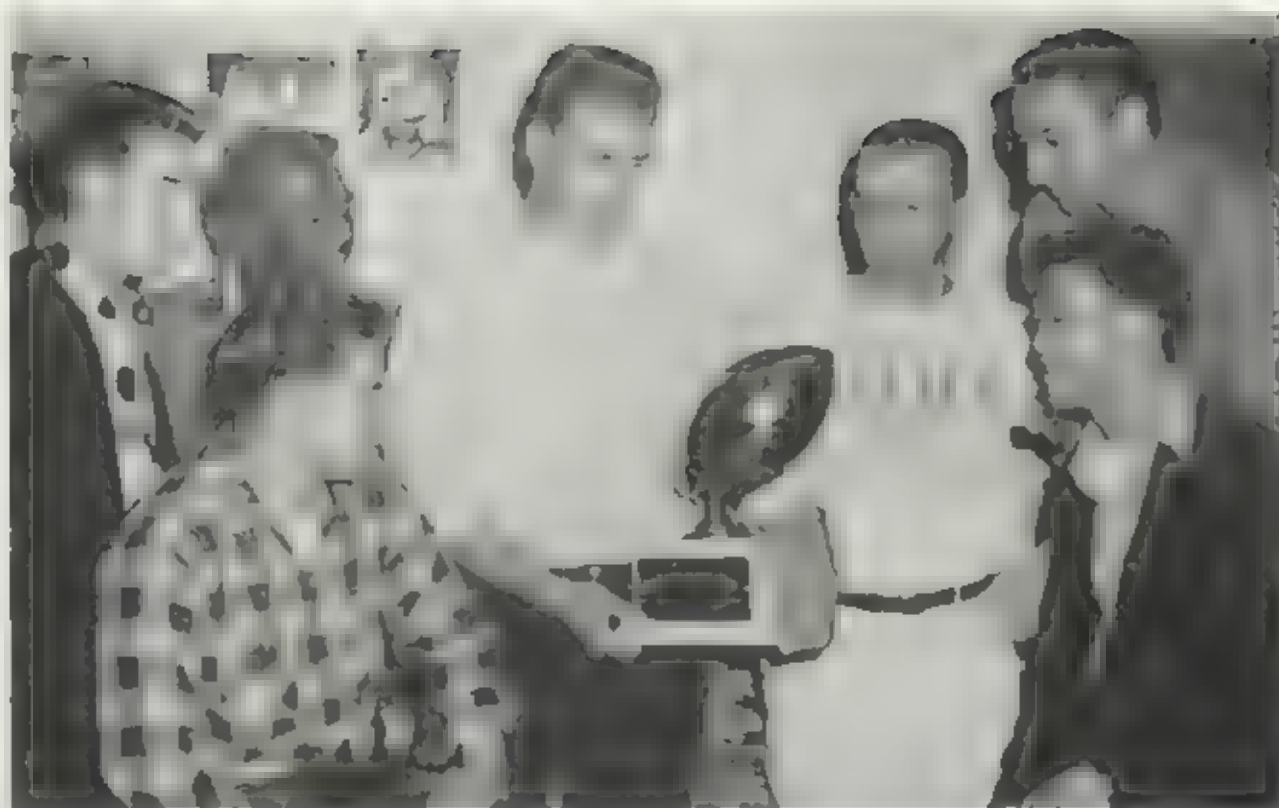

Hosses Tie Us

to go 29 yards for a TD. A team effort was credited with the 28-0 victory over West High. Captains Des Sanchez, Maney, Richard Borden, Jerry Murphree and Sumner Smith played a fine defensive game, while John Lee, Syl Matry, Norman Jackson, Greathouse, Hodge, Hibbert and Bill Bass sparked the offense.

GRINDING AMPHITHEATER In the dust 34-0, the Pack got the AA title when Glenda upset Yuma. At the Turkey Day Game the favored Pack was fought to a 7-7 tie. The Pack scored first on a 21 yard Hiltbert to Hodge pass early in the 2nd quarter. Conner kicked his 26th conversion of the season to give the Coyotes a 7-0 lead. Coyote punter Earl Hicks held North in its own territory through out most of the game, but late in the 4th quarter, North grabbed a Greathouse fumble to tie the score. Mustang fans went wild!

CLOSING IN on North Africa are Cypriotes Davies (23) and Field (22). North players are Pete Hjort (46) and Marvin Davis.

Mighty Midgets

HEADED BY COACHES Jim Winningham and George Endres, the JVs chalked up a fine season. Despite keen competition, the Puss finished the season winning four, tying three and losing two games. Fred and Phil Wells were called outstanding in the Lockfield while John Miller and John Riaz were the top linemen. With only three underclassmen, Debert Hodge, Terry Henderson and Chuck Pearson as regulars on this year's varsity, most of Coach Sam Winningham's hopes for next year will be built around the JV leads.

STARTING OUT WITH a bunch of inexperienced youngsters, Coaches Lowell Bailey and Wendell Patterson developed a highly polished and capable freshman squad. The Frosh took eight wins and only two losses and were at the top in Valley competition. Classified as good future varsity material are Dick Cinner and Bob Johnson, quarterbacks; Jim Johnson, center; Gary Russell, captain, c.c.c., also Mike Huff, Peter Zorba, and Joe Caccavale.

NEALEY

SWEEPING THROUGH 23 straight wins, Don Coyote's hipsters win praise as the best Arizona prep team ever. Coach Ed Long's cagers claimed an undefeated season to retain their state, city and tournament crowns. It was the first undefeated Coyote basketball team in history with a two-season record of 44 wins in 45 games.

STATE CHAMPS! Coyote Varsity includes (bottom) Otero, Franklin, Anderson, Matthews, Mgr. Shankland. **ROW 2:** Great-

house, Conner, Clemmer, Hudoe, Holmes, Fields. **ROW 3:** Nealey, Ramsey, Haney, Crookston, Kalmes, Coach Ed Long.

HOLD IT! Ramsey (left) scrambles for ball in Catalina game. RE-EACH! Haney goes up (right), for 2 markers against West.

High in his way to establishing a new city scoring record of 40 points, Coyotes never eased up.

A 56-52 Scare

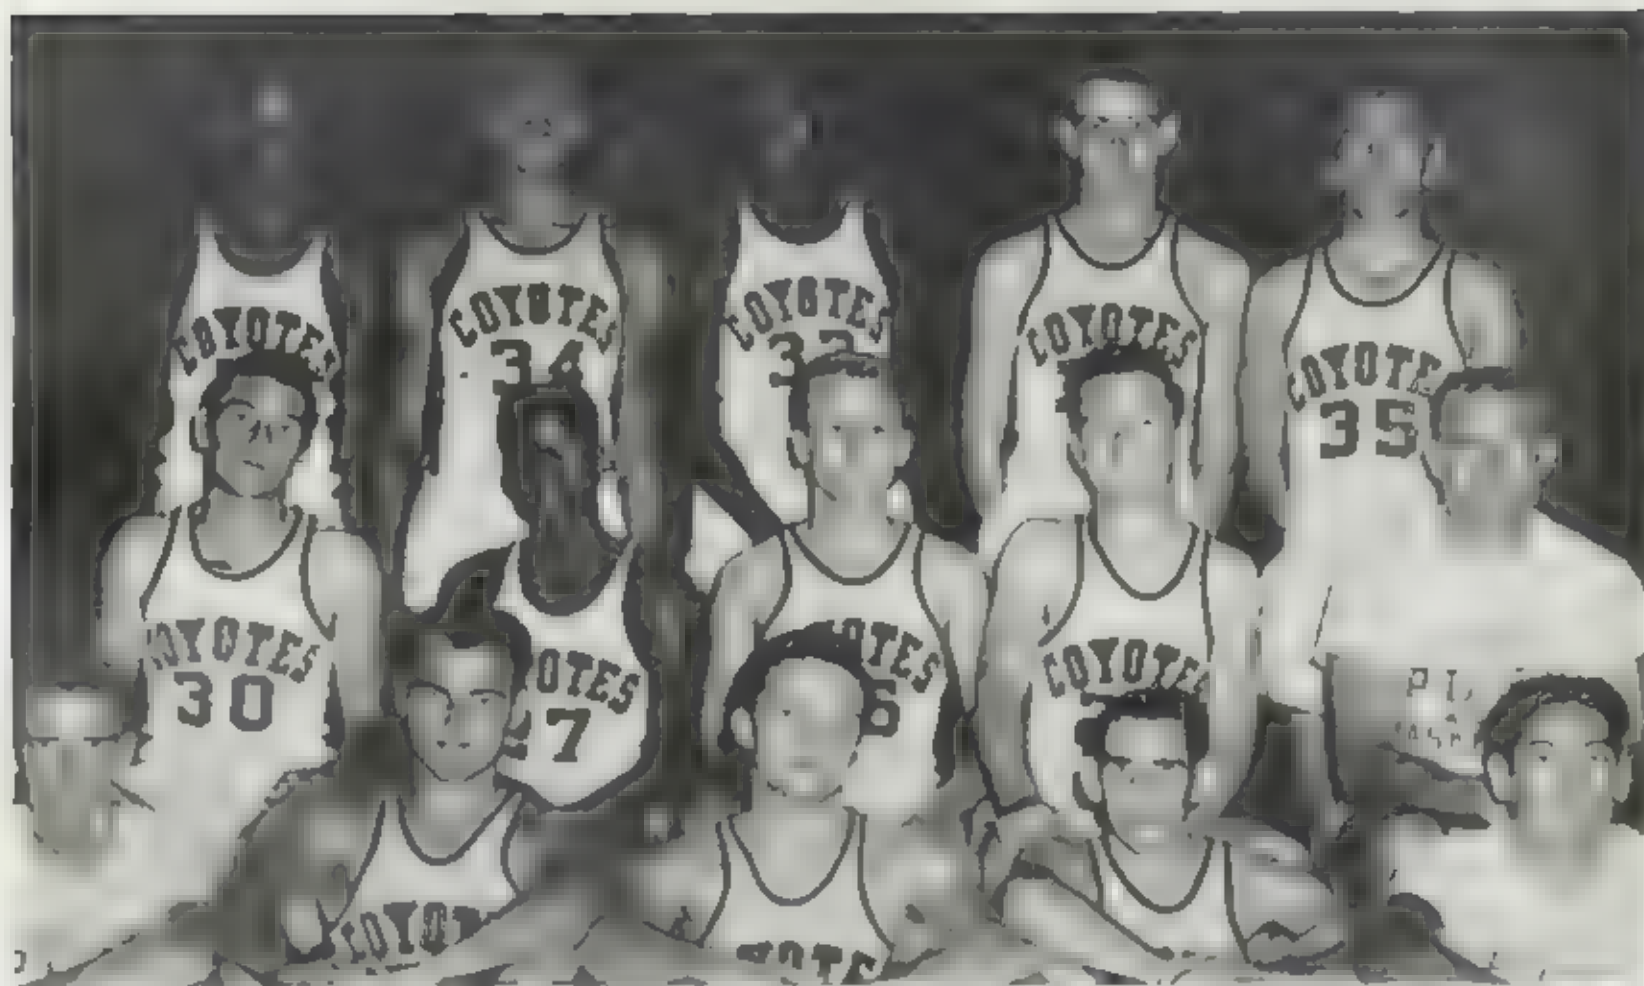

ONLY YUMA CAME close to upsetting the Coyotes, giving them a 56-52 battle in their second meeting. Guards Jon Conner and Allen (Stretch) Holmes led the Pack all season with fine all-around floor play. Forward Ken Ramsey, despite a knee injury which hampered him all season, was a terror on defense while lanky Albert Nealey and 6'7" center Darnell Haney led the Coyotes' scoring.

NEALEY WAS SECOND to North's Jim Conley in city scoring, while Haney set a new city scoring record of 40 points. Said Coach Long: "Haney spent many hours of practice after school to overcome his awkwardness, and no one could have deserved an award more. Depth was provided by underclassmen Delbert Hodge, Steve Crookston, and Lige Franklin.

HIGH SCORING Albert Nealey proudly displays some of the trophies he has helped win during 1954-55. One of Arizona's greatest prep basketballers, Nealey is being sought by many colleges. He's a natural athlete.

BREEZING PAST Amphitheater, Mesa and Tucson in the AA tourney, the Pack placed 4 men on the all tournament team. Haney and Nealy, first team; Ramsey and Holmes, second team. All city selections

were Haney, Nealy, and Holmes, first team, while Cenner made the second team.

COACH PATTERSON'S J V basketballers wrapped up a thrilling season winning 13 of a 19 games schedule. Such teams as North, Mesa, Yuma, and Tucson called for top competition. Leading the Pups were high scoring Vernon Cullen and Frank Men, forwards, Max Rojas, center, and Guards Jerry Dougherty, Jim Yarbrough, and Lloyd Kendall. Graduation will leave many spots on next year's varsity open for these boys.

Unbeatable . . .

CULMINATING ONE of the most successful seasons in Phoenix Union history, Coach Ed Long's basketball squad celebrated a string of 34 consecutive victories

while taking their second straight Class AA championship. It was the first undefeated hoop season for Don Cayote since pre-war years and earned for the boys the label "best PUH's athletic team in our history."

AN EXTRA SPECIAL chicken and sirloin steak dinner for the players at Arizona Manor was the school's way of saying "thanks a lot" to these youthful athletes with the terrific record.

Train-Or Tumble

MAKING TRACKS over rough terrain brings out the best in you: the cross country track squad firmly believes. But you must train vigor-

ously or tumble by the wayside! Rugged but not too speedy were these boys in the two mile races this year. They held 10 matches, ended the racing season without too much success.

ADDED INTEREST in gymnastics was aroused this year with the arrival of Coach Goodson skilled in teaching the art to high schoolers. Development of muscles is secondary to the learning of balance and coordination. Students learn how the flip, trip, jump, and fall with equal ease. Competitively, the Phoenix Union boys looked good against Valley Gymnasts. High seasonal scorers in order were Robinson, Cornelius, Gore, Contreras, Sewell, Dumont, and Griffiths.

LOOKS EASY . . . but such a steep climb requires balance and delicate precision. Flanked by Gore and Griffiths, right, and Cornelius and Dumont, left, are these agile gymnasts. (from bottom)

Rough Going

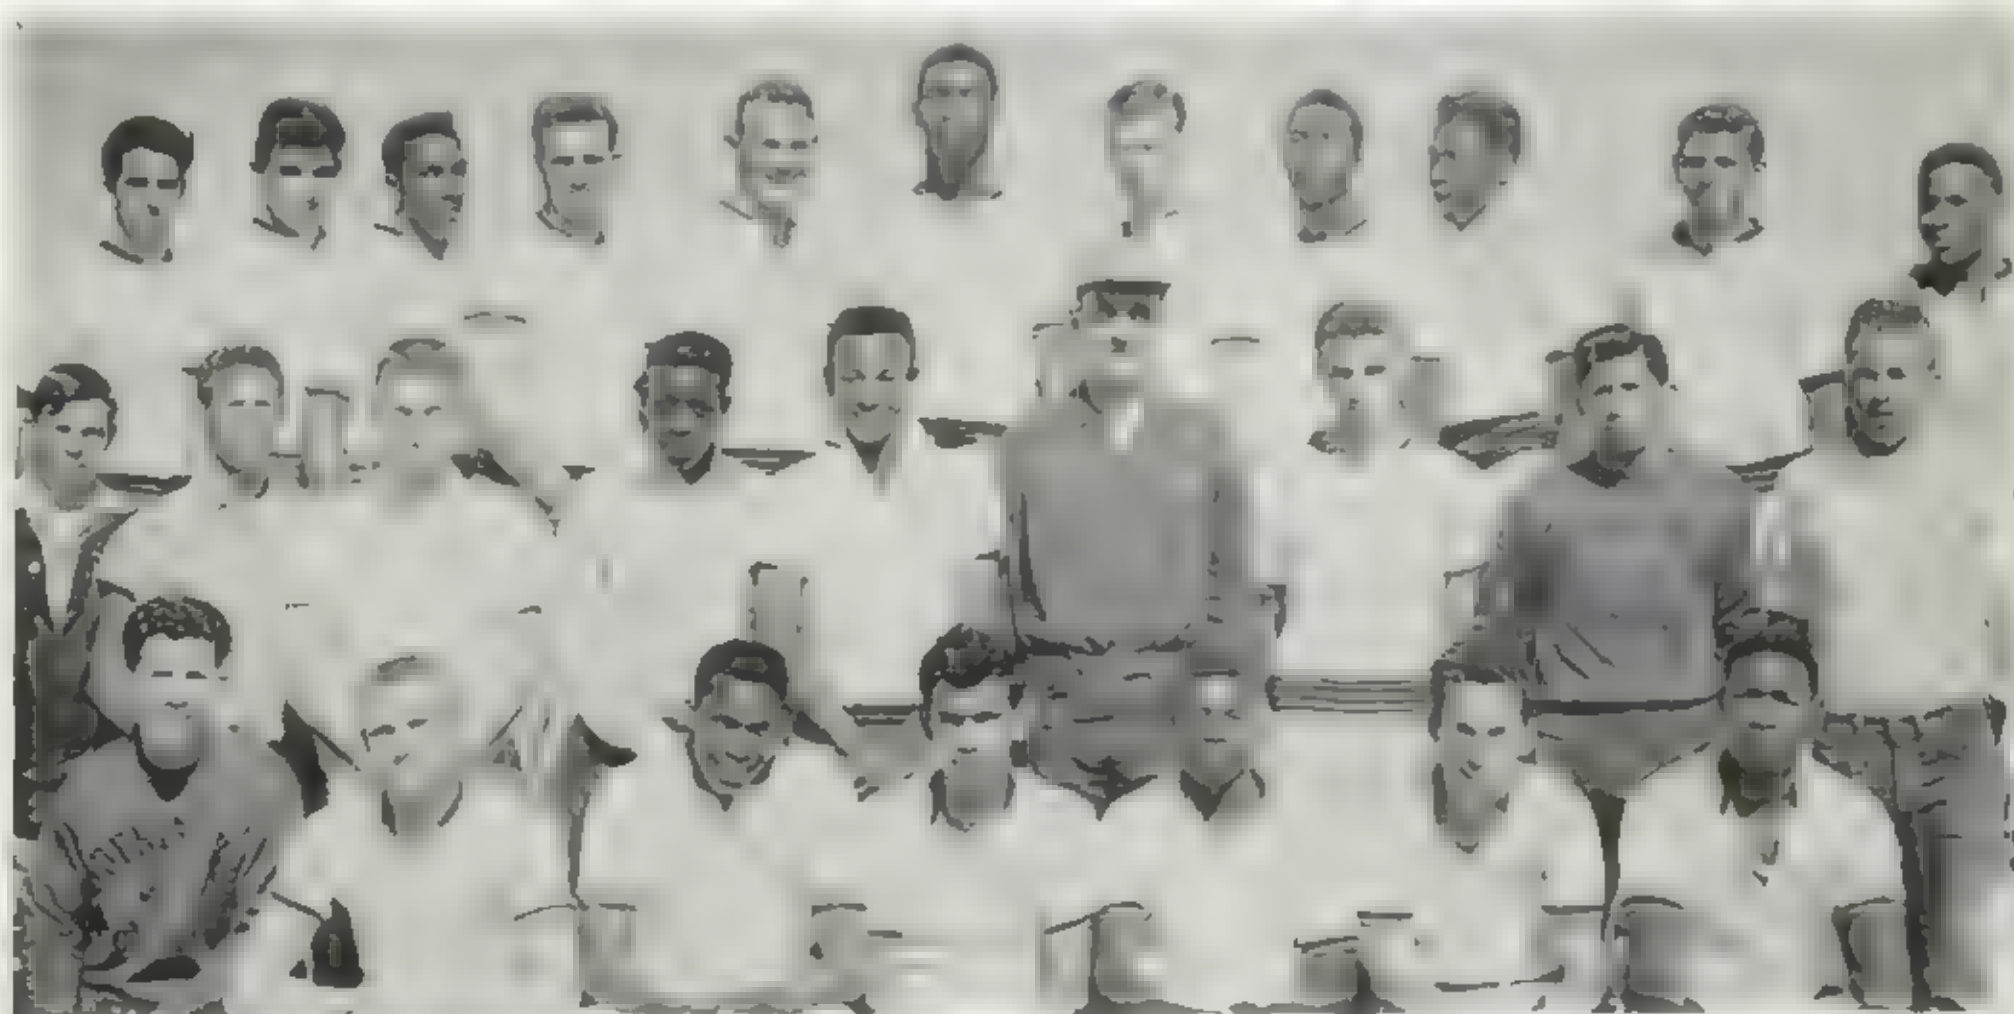

TRACK COMPETITION is getting rougher every year with Arizona Prep track stars gaining national recognition for their performances. An example of this is North High's Jim Brewer

who holds the national pole vault record of 14' 3 1/8". Mustangs' Brewer is just a junior

EVEN SO DON COYOTE has every right to be proud of Coach Steve Carson and his ordermen. As The Phoenixan goes to press, the Coyote trackmen remain undefeated. They had won 7 straight, including the City Meet, the Arizona Relays, and the Glendale Invitational. This is Coach Carson's last team at PUHS. He will be a mentor at Phoenix College.

Again, Champs!

WINNING THE RTH RD straight City title the Pack had a hand in establishing many new records. Robert Hodge set a new 20.0 standard in the low

hurdles after already breaking the old record in the preliminaries. Other Coyote records were Sumner Smith's 155' 7" heave in the discus and Elgie Franklin's 22.4' lead jump.

THE COYOTE RELAY team of Hodge, Nealey, Greathouse, and Franklin tied the 880 relay record of 1:32.4. The champs scored 54 1/2 points to runnerup North Phoenix's 34 1/2. South Mountain scored 25, West High 18, and Cameback 11. On the basis of their record to April 25, the Pack tracksters had a better than equal chance to retain the 1956 State title.

PITCHING MANY FINE games for the Coyotes were hurlers Dave Neil, Ken Ramsey, and Syd Mabry while Conner, Thomas, and Hibbert played an excellent game in the infield. Bill Guthrie capably took care of the catching duties.

AS A SPRING SPORT nothing exceeds baseball. Characterized by thrills and having action aplenty, the sport has become very popular at PUHS. Home games this year were played at

Baseball Boys' Bats Boom

BACKED BY STRONG arms and heavy hitters, Coach Lowell Bailey's baseball squad kept up Phoenix Union's excellent athletic record. Built around the returning lettermen from both PUHS and Phoenix Tech., the team started slow but gained momentum in mid-season.

COMING TO PUHS as a result of the merger with Phoenix Tech, Coach Bailey led the Pack to wins over Camelback, North High Catalina, South Mountain, Amphi, Mesa, and Pueblo while losing to North, Tucson, Glendale and West. Jayvee players who are bright prospects for next year include Payne, Smith, Cox, Shopper, and Alvarado, Coach Bailey announced.

Sharpshooters

IN THEIR SECOND year of active competition Phoenix Union's golf squad participated in 19 interschool matches. Under the leadership of Coach Harvey Zorn, the team made golf club's future look bright for the Red and Black. BOB WILKINSON, squad captain, was the outstanding player in the 1955-56 competition.

Muscle Men

CULMINATING ANOTHER successful year the Phoenix Union wrestling squad finished second place in the Class AA standings. Glendale upset the Coyotes in the state meet to capture the state

crown. Richard Borden, heavyweight, and Norman Jackson, 154 lb. class, were undefeated and won state tourney titles. Borden won the heavyweight title in 1954-55 also.

OTHER SUCCESSFUL grapplers included Joe Barraza, Pete O'ea, Robbie Young, Mickey Howell and Charles Pearson. Under capable guidance of Coach Sam Wainwright, the grunt and groaners lost only to Yuma in regular season competition.

UHHHH! GOTCHA! Dick Borden, heavyweight, has the victory over the Coyotes. Don McCarver, Coyote grappler, is the loser in state meet.

Elizabeth Blake. Music and music go well with rhythm while the dancers develop good posture and grace in movement.

Badminton

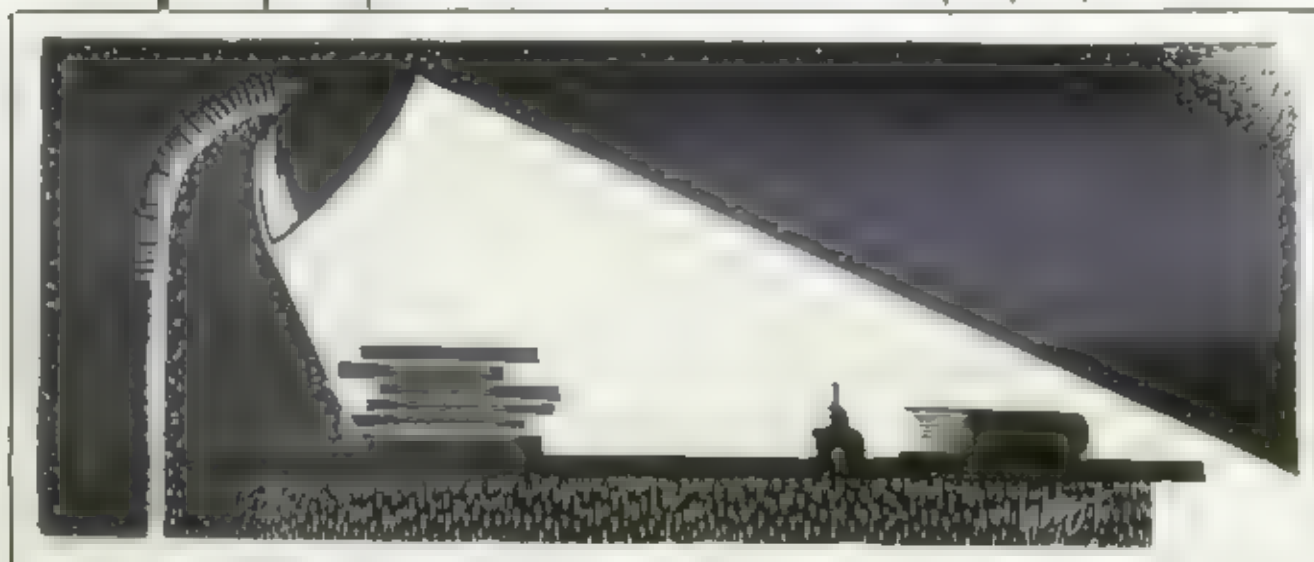

BAT IT! Dixon and Moore (in background) play a close game with Orabuena and Lerma.

KEEP YOUR EYE on the bird! This is one instruction you can always hear during Badminton season as Coach Berneil Maxey teaches girls to play this fast moving game. Names are put on ladders and when you finally work your way up to the A ladder, you participate in matches with other schools. The goal of all girls is to be on top of the A ladder and play at the State Badminton Tournament. Shirley Glenn and Pat Dixon were state champs.

ONLY FOUR GIRLS from each school may play and there is quite a race for the top four positions. Practicing till five o'clock every night, these girls learn to move fast, think quickly, and above all, the real meaning of friendship and teamwork.

We Who Are To Graduate

COMES THE TIME when we must say goodbye to our home of four short years. Home? Of course! We spent more time here—counting the after school games, dances, dramatics, and other activities—than we ever did at our regular homes. School was fun, school was work, school with its hubbub, rushing to class, to lunch, to the playground was our life.

SENIOR PLAY DAY was our first realization that this was it, the end of our high school sojourn was near. No time for regrets, though, no chance to "try again" where we could have done better. We've traveled the long road and now there's the highway to college or a job . . . or the army. It's been fun . . . but it's time to go!

HEAD START I was graduated in Mr. DeWitt messaged Loretta Thompson for her senior cap. **RIGHT:** Joe Shepard has a kick

TIP TOP TEN — at the senior prom. Clockwise (starting at 7 o'clock), are Lois Cerwinski, Mary Lou Stern, Joe Gaspard, Elsie Hawitt, Marie Gasser, Barbara Poole, Don Kenney, Rosalie Arnsun, and center, Bob Gregory. Best photo was by Phil Ewell and Juree Friar. **UPPER RIGHT:** Senior committee selects graduation announcements. Nelda Morris, Jill Long, Jodene Barrett, and Wayne Fowler. **CHAMPS!** Pat Dixon and Shirley Glenn won state honors in badminton.

Over The Top!

LEADERSHIP can't be determined by the amount of applause one gets as he strolls down the hallway; Nor is it settled by the horsepower of one's car or the size of the bankroll. "Blessed are they that go around in circles, for they shall be known as wheels" goes the old wheeze. Class of '56 leaders attained status by hard work, willingness to cooperate, and personal interest in the school's progress. They made the Honor Roll, but they also made the team, the cheer squad, the newspaper staff. No circles for them. They're on a beeline.

Higher, Higher!

EVER UPWARD is the aim of the scholar. Whether he is a man of science, literature or the arts, he entertains the dream of perfection that drives the intellectually alert toward shining goals. Cream of the crop from the Class of '56, the National Honor Society has its share of perfectionists . . . leaders who will never rest in their search for truth. Membership went to the top—5 per cent of the senior class, based on their scholarship, citizenship and four-year activity records. Phoenix Union is mighty proud of these scholars.

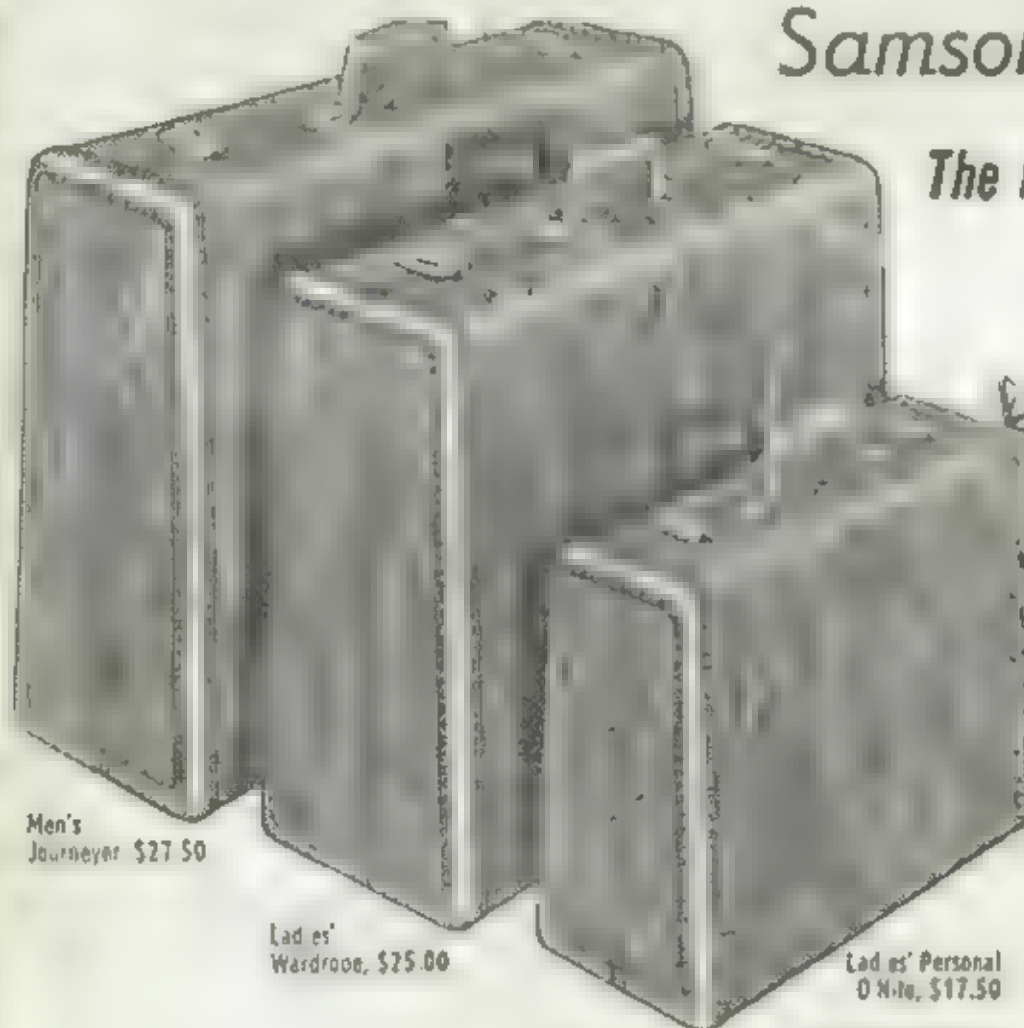

Yea, Team!

COLOR DAY brought a splash of red and black variety to the campus which as well never seen before. Peter Weather will For Sale sign in hand and on hand with top price of a 1956 Buick Wildcat Roadmaster are prepared for looking at. Another day.

BOYS of WOODCRAFT

"SPECIAL"

WHAT ABOUT YOUR FUTURE?

Will you learn the important lesson of thrift?

Franklin's "A penny saved is a penny earned,"
is as true today as it was then

Will you have equal advantages with your neighbor?

Will you be able to take advantage of business
opportunities when they come?

Thousands have achieved financial success
because they had life insurance that
serves to give them a start
